- Passport
- Personal ID card issued by the country of citizenship (for example, German *Personalausweis*, Belgian *Identiteitskaart* or *carte d'identité*, Italian *carta d'identità*)
- Military ID card issued by one of the NATO Sending States (Belgium, Canada, France, Netherlands, United Kingdom)

Block 10. Supporting documentation expiration date

Enter the expiration date of the supporting document (for example, expiration date of passport or German *Personalausweis*).

Block 11. Residence permit required?

If required, check the appropriate box to indicate whether a copy of the residence permit is attached. See AE Regulation 190-16 for guidance.

Block 12. Work permit required?

If required, check the appropriate box to indicate whether a copy of the work permit is attached. See AE Regulation 190-16 for guidance.

Block 13. Access requested

Check the appropriate box. If an installation pass is requested, a temporary installation pass may be issued pending completion of a required background check. A temporary installation pass is valid for up to 90 days. The restrictions associated with each pass are different for each individual's access requirements.

Block 19. Limitations/time/day access is required

Enter "24/7" if access is required all the time; otherwise state the specific days of the week and times. Installation access control offices (IACOs) may require justification for liberal access (such as 24/7), so sponsoring organizations should be prepared to justify this entry.

Block 20. Pass expiration date

This field will be validated by the IACO. Justification for this date must be provided. A temporary installation pass is valid for up to 90 days. The expiration date of an installation pass depends on the limitations of the person category (block 7) and the expiration date of the supporting document (for example, passport) that was used to obtain the installation pass. The expiration date will be whichever date is earlier.

Block 21. FPCON restriction

Enter the force-protection condition (FPCON) restriction.

- Delta (provide justification, including first or emergency responder duties)
- Charlie (provide justification, including a list of essential duties)
- Bravo

Block 22. Installations for which access is required

The sponsor must provide specific justification for the applicant's access requirements. Access is limited to the minimum number of installations required for the applicant to perform his or her duties (for example, Clay Kaserne). If greater access is required (for example, access to more than one USAG), additional documentation must be provided, such as a contract statement of work that lists the installations by name where the work is to be performed.

Block 23. Visitor-sponsor/sign-in privileges

Check the appropriate box to indicate whether visitor-sponsor and sign-in privileges are required. If these privileges are requested, the sponsoring official must include a justification in block 23. The justification must explain why the applicant requires these privileges in the performance of duties. *NATO Member* and *Department of State and American Embassy* person categories default to visitor-sponsor and sign-in privileges authorized; no justification is required.

Block 24. Privately owned vehicle (POV) registration information

- a. State the license plate number exactly as it appears on the plate.
- b. State the country for which the license plate was issued.
- c. State the make of the vehicle (for example, Opel, Saab, BMW).
- d. State the model of the vehicle (for example, 325i, Astra, 190E, S60).
- e. State the year the vehicle was manufactured (YYYY).
- f. State the body type of the vehicle (for example, 2-door sedan, bus).
- g. State the color of the vehicle.

Block 25. Required attachments

Check all applicable boxes and provide photocopies of supporting documents.

Block 26. Verification by sponsoring official

State the name, title, organization, telephone number, and e-mail address of the sponsoring official. The IACO must have DD Form 577 on file to verify the sponsoring official's authority.

Block 28. Additional comments

Provide any additional supporting information or justification.
