TRAINING AIDS, DEVICES & SIMULATORS (TADS) CATALOG

General

PRESCRIBES PROCEDURES, GUIDELINES, AND AVAILABLE EQUIPMENT TO BE ISSUED FROM THE TADSS WAREHOUSE.

OFFICIAL:

Joseph D. Gordon
Civ, Chief
TSC Baumholder

History. This is a first publication.

Summary. This TADS catalog establishes procedures, guidelines, and available equipment to be issued from the TADS warehouse. This catalog is continuously being updated. If you do not see what you are looking for in this version, please call our TADS Warehouse for more information. We will be sure to help you with locating or providing you with an alternative solution for your training requirements.

Proponent and Exception Authority. The proponent for this supplement is TSC Baumholder Administrations office. The proponent has the authority to approve exceptions or waivers to this publication that are consistent with controlling laws and regulations.

Supplementation. Supplementation of this publication is prohibited without prior approval of TSC Baumholder Administration office.

Suggested Improvements. Users are invited to provide comments and suggested improvements on DA Form 2028 (Recommend Changes to Publications and Blank Forms) directly to TSC Baumholder Administration office.

SECTION I: General

1-1 Introduction

Welcome to the Baumholder Training Support Center (TSC). We, at the TSC, are proud to provide our customers with the 2023 Training Aids, Devices, Simulations (TADS) Catalog in electronic format. Our mission in TSC Baumholder is to Identify, acquire, manage, and provide state-of-the-art home station training while supporting the visual information mission. TSC Baumholder also provide a professional staff to support the WARFIGHTER to accomplish his/her mission and training requirements.

. We are confident that the information contained in this catalog will provide you, our valued customers, with the most comprehensive and up-to-date information possible to plan for your future training needs.

Our dedicated and professional team is here to assist you with your training needs to get the mission done. Please do not hesitate to contact us at DSN: 531-2515 or 531-2522.

Our operating hours are Monday through Friday, 0730-1600. We are closed on weekends, all federal holidays. We can also provide after-hours services with advance notification. We are located at the following address:

TSC Baumholder TADS Warehouse
BLDG. 8474
H.D. Smith Barracks, Baumholder

For more information visit the USAG Garrison website at the following URL.
<https://home.army.mil/rheinland-pfalz/index.php/units-tenants/training-support-center-baumholder>

Your training success is our business!

1-2 Training and Certification

a. Several TADSS maintained and issued by the TSC requires annual training and certification. The length of training required for certification varies depending on the equipment. Most TADSS require a day or less of training, where other TADSS are up to a week.

b. To provide the best service possible to our customers, we work directly with the units to schedule certification classes that best fit their demanding schedules.

c. All certification classes require a minimum of three (3) personnel and maximum of ten (10) personnel per class.

d. Engagement Skills Trainer (EST II) is a 16-hour class, and the Call for Fire Trainer III (CFFT) operator training is a 8-hour class. For more information on how to schedule each class, please call DSN: 531-2512.

1-3 Graphic Training Aid

a. TSC Baumholder maintains a large selection of commonly requested graphic training aids (GTA). If we do not have the GTA on-hand that your unit requires, we can order most of them. GTAs that are no longer active cannot be ordered. Please contact us in advance to see if we have the GTAs in stock. No appointment is required to pick up GTAs, but units must have an active hand receipt account on file. Individuals requesting or signing for GTAs do not have to be listed on the signature card (DA Form 1687).

b. A complete listing of all approved GTAs is available online at the Central Army Registry (CAR) <https://atiam.train.army.mil/catalog/catalog/search.html> or Log into AKO, select "my Training" tab

SECTION II: Hand Receipt Accounts

2-1 Hand Receipt Procedures

a. To establish an account with TSC Baumholder, the following documents are required.

1. DA Form 1687, Delegation of Authority, (NOV 2015 version)
2. Assumption of Command Orders

b. DA Form 1687: The preferred signature is digital. Use handwritten signatures when digital signatures are not possible.

NOTICE OF DELEGATION OF AUTHORITY - RECEIPT FOR SUPPLIES
For use of this form, see DA PAM 710-2-1. The proponent agency is DCS, G-4

c. Units must keep account current by renewing before the expiration date on the DA Form or upon change in commander.

d. Loss, damaged or destroyed equipment will be reported to the TSC immediately or within five working days from date the incident was discovered.

e. In the event of lost, damaged, or destroyed equipment, the Unit account will be placed on frozen status until the issue is resolved.

f. Please see example DA Form 1687 and Assumption of Command Orders in Annex A-2, A-3.

g. For more information on Account Procedures, please see TSC Baumholder External Standard Operating Procedures SOP-Dated 1 February 2023. Copies are located at Bldg. 8474 and on Tap In (See Additional Resources (Section VI)).

SECTION III: Simulations

3-1 Engagement Skills Trainer II (EST) DVC: 07-129

a. The Engagement Skills Trainer (EST II) is a multi-purpose weapons trainer that provides training support for both individual and crew-served weapons. Training is In Accordance With (IAW) TC-3-20.40. Types of training that the EST support are the following:

1. Marksmanship Ranges for all weapon systems
2. Scenario Training
3. Tactical Collective-Fire Control and Distribution
4. Escalation of Force (EOF)

b. Different scenarios can be built into the system to accommodate advance training through VBS 3.

c. Weapons that are supported with the EST II:

1. M4 Carbine
2. M9 Pistol
3. M4/203
4. M320 Grenade Launcher
5. M249 SAW
6. M240B MG
7. M2 .50 Cal MG
8. MK-19 Grenade Launcher
9. M136 AT-4
10. M1200 Shotgun

d. All requests must be submitted through the Range Facility Management Support System (RFMSS) at <https://rfmss.usareur.army.mil/LTA/Pages/Login.aspx>. Under Baumholder TADS Fire Desk.

e. Reserve components or deploying units requiring weekend training must submit a written request to the TSC manager for approval and schedule through RFMSS 4 weeks prior to training.

f. The Engagement Skill Trainer is in Bldg. 8354 on Smith Barracks. For more information contact DSN: 531-2512.

g. Operator training class dates can be found on USAREUR-AF TAPIN (<https://tapin.eur.army.mil>) or in the RFMSS Library.

3-2 Call for Fire Trainer III (CFFT) DVC: 06-124/2

a. The Call for Fire Trainer (CFFT) provides a lightweight observed fire training system that will fulfill the need for an observed fire training device that supports all fire support missions; capable of depicting all current and future munitions and expanded to train all Soldiers regardless of MOS. The system provides simulated battlefield training to conduct Indirect Fires (artillery, and mortar) Close Air Support, Close Combat Attack, and Naval Surface Fire Support.

a. b. All requests must be submitted through the Range Facility Management Support System (RFMSS) at <https://rfmss.usareur.army.mil/LTA/Pages/Login.aspx>. Under Baumholder TADS Fire Desk.

b. Reserve components or deploying units requiring weekend training must submit a written request to the TSC manager for approval and schedule through RFMSS 4 weeks prior to training.

c. The Call for Fire Trainer is in Bldg. 8475 on Smith Barracks. For more information contact DSN: 531-2512.

d. Operator training class dates can be found on USAREUR-AF TAPIN (<https://tapin.eur.army.mil>) or in the RFMSS Library.

3-3 TOMManikin: DVC: L 08-004

a. This all-in-one system allows you to build multiple PR Scenarios and create realistic Full Mission Profile (FMP) with reactive patients. This is a trauma manikin, that talks, breaths, has a pulse at two locations, and can bleed from various locations. Controlled by an operator with a wireless remote. Pneumothorax and /or a tracheostomy can be performed as well.

b. All requests must be submitted through the Range Facility Management Support System (RFMSS) at <https://rfmss.usareur.army.mil/LTA/Pages/Login.aspx>. Under Baumholder TADS Fire Desk.

c. Reserve components or deploying units requiring weekend training must submit a written request to the TSC manager for approval and schedule through RFMSS 4 weeks prior to training.

d. The TOMManikin is in Bldg. 8354 on Smith Barracks. For more information contact DSN: 531-2512.

e. Operator training class dates can be found on USAREUR-AF TAPIN (<https://tapin.eur.army.mil>) or in the RFMSS Library.

3.4 TC3X DVC:08-76/A

a. TC3X Overview

1. The Tactical Combat Casualty Care Exportable kit (TC3X) is a combination of Army medical simulators to train Warrior Skill Level 1 Medical Training Tasks found in Soldier's Manual of Common Tasks.

2. Helps Soldiers learn how to properly treat preventable causes of battlefield death.

3. TC3X provides full body Trauma FX trainers that mimic the weight and distribution of a human body, the ability to simulate breathing, bleeding, pulses and traumatic amputations.

b. Train 68W Medics to:

1. Familiarization with all parts and components
2. Set up
3. Operation
4. Set up and use in training scenarios
5. Clean up
6. Preparation for next use
7. Preventive maintenance and troubleshooting

c. Please see **(4.3 Tactical Combat Casualty Care TC3 KIT)** for detailed information and device numbers.

SECTION IV: Training Aids and Devices (TADS)

4-1 U.S. and Foreign Weapon Systems

a. Full-scale, three-dimensional plastic replicas of U.S. and foreign weapon systems. The devices can be used for drill and ceremony instruction, physical training, vehicle searches, op for players, and demonstrations.cc

	PA Systems
	Microphone Stands
	Megaphones
	Wireless, Cabled and Lapel Microphones
	Screen and Rear Projections Screens
	Extension Cable

SECTION VI: Additional Resources

6-1 Addition Resources

TSAE's TAP IN is a NIPR web mapping application similar to Google Maps. Users can search training support facility locations, view facility- specific information, download PDFs (i.e. SOPs, handbooks, access maps, etc.), and query real-time and future RFMSS scheduling data for all USAREUR training facilities. Users can access TAP IN at

<https://tapin.eur.army.mil/tapin/tapin.aspx?a=zoomFeature&l=Region&id=17>

Combined Arms Training Strategies (CATS) is located on the ATN website. It is a one-stop-shop for all your training needs. It also have task selections, supporting collective tasks, and supporting individual tasks. It is accessible from AKO using the self service dropdown and selecting "My Training" or logging into

<https://atn.army.mil>. Once logged in, click on the CATS icon.

The Army Training Network (ATN) is a single web-based portal for Army training resources and vital training materials. Please go to <https://atn.army.mil/> for more information.

The USAREUR Sustainable Range Program (SRP) provides users with the ability to leverage the most accurate and complete geospatial datasets through easily accessible and user-friendly products and programs such as the Integrated Training Area Management (ITAM) and Range And Training Land Program (RTLTP). Please go to <https://srp.usareur.army.mil/> for more information.

The Visual Information Ordering Site (VIOS) is single web-based portal that allows individuals to request services such as photography support, graphic designs and development, television video reproduction, and public address presentation support. Users can access VIOS at <http://vios.army.mil/>.

Range Facility Management Support System (RFMSS) allow users to schedule available ranges and training facilities (EST 2000, HEAT). Users can access RFMSS

<https://rfmss.usareur.army.mil/LTA/Pages/Login.aspx?ReturnUrl=%2fita%2fpages%2fdefault.aspx>

TSAE's Training Aids Production Center (TAPC) provides custom training aids to meet the non-standard training needs of U.S. Army Europe units, whether its a full-size replica tank or a miniature-scale 3D map. Please go to

http://www.eur.army.mil/jmtc/Organization/TSAE/TSAE_TAPC.html for more information.

ANNEX A – Special Instructions

a. Close Combat Mission Capability Kit (CCMCK) for M16/M4 Rifle Carbine Device# L-07-164, M249 Squad Automatic Weapon (SAW) Device# L-07-165 require DA581. They also require Personal Protective Equipment (PPE) Ultimate Training Munitions (UTM): Face Mask Device# L 07-162/A. See Appendix A-1 for example of DA Form 581. DA Form 581 not to exceed 60 days. **(CCMCK) Must be stored in arms room when not in use**

b. Improvised Explosive Device Effects Simulator (IEDES) requires specific training upon signing out the equipment. At least one person that has completed the training must be present when signing out IEDES equipment from TSC warehouse.

c. Artillery Simulator Device# L06-006 / Simulator Small-Arms Gunfire Device# L 07-22D, L 07-031, L 07-141 requires a training class prior to being signed out.
