

All foreign visitors require DOD sponsorship to visit the Installation. To minimize access delays please contact the Visitor Control Center at least 48 hours prior to your visit to process additional required documentation. Foreign Visitors arriving after the Visitor Control Center closes will not be permitted entry to the Installation unless prior coordination with the Access Control Branch was made. You can contact the Visitor Control Center telephonically at (785) 239-2982 or by emailing us at usarmy.riley.id-readiness.mbx.visitor-control-center@army.mil
