

UNLOCKING POTENTIAL**CHANGING THE FACE OF TECH**

Per Scholas offers rigorous IT training courses, professional coaching, and job placement assistance with access to an employer network of 850+ companies. All at no cost to you.

Salesforce Administrator

What You'll Learn

This comprehensive 15-week training program is designed to bolster your proficiency in Salesforce Administration, preparing you for a variety of entry-level roles in the field. Throughout the course, you'll delve into essential topics such as Salesforce use cases, system architecture, and object management. You'll also gain practical experience in generating and analyzing reports, while exploring foundational concepts in artificial intelligence and the Salesforce Data Cloud.

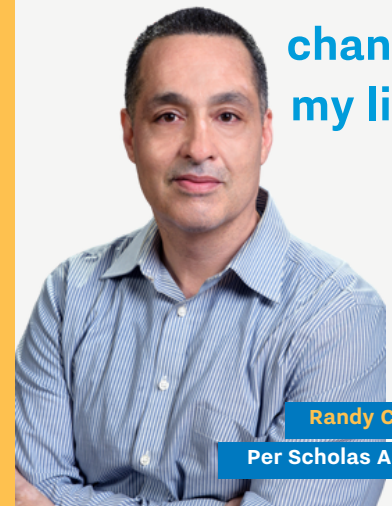

Key areas of focus include refining data management skills, mastering formulas and validation techniques, and harnessing the power of AI to enhance Salesforce functionality. By the end of the program, you'll be equipped with the knowledge and skills needed to excel in the dynamic world of Salesforce administration.

Possible jobs after graduation:

- ▶ Salesforce Administrator
- ▶ Salesforce Developer
- ▶ IT Systems Analyst
- ▶ Business Analyst
