### Unlocking Your Parenting Potential

#### The Nurturing Parenting Way

The Cohen Clinics at Centerstone are proud to present an eight-session parenting group inspired by the philosophies of the Nurturing Parenting Program. This group is open to parents, guardians, and parents-to-be who want to strengthen family bonds, improve relationships with their children, and foster a nurturing home environment. Special focus will be given to military-related topics, including reuniting after deployment and navigating the impacts of PTSD.
