

The Liberty County Boys & Girls Club has 3 full time positions which support our work to ensure all children and teens have the opportunity to become all they can be.

The Youth Outreach Coordinator reaches out to schools, at youth attracting events, to other youth serving organizations and to the community at large to generate youth interest in participating in our Club.

The Major Funders Liaison works closely with our Club leadership, researching possible local funders and helping to generate regular communication to them that engages their interest. Help at special events with a similar purpose is also part of this role.

The Marketing Coordinator publicizes our events in social media, generates copy for our newsletters, created event flyers and otherwise keeps the community and potential youth Club members aware of all we do.

Funded by the federal Volunteers In Service to America (VISTA) program, each position provides a biweekly \$877.62 stipend and healthcare, childcare, personal and medical leave benefits. A cash award is also provided after 12 months of completed service with us.

If interested, please send your resume to sclark.fcbgc@gmail.com, with the job title of interest in the subject heading.
