Georgia Environmental Protection Division
Underground Storage Tank Management Program
Attention: Mr. William Logan
4244 International Parkway, Suite 104
Atlanta, Georgia 30354

Dear Mr. Logan:

Fort Stewart is pleased to receive the Georgia Environmental Protection Division (GA EPD) letter of approval for no further action for Underground Storage Tanks 25 & 26, Building 1343, Facility Identification Number 9-025008, Hunter Army Airfield, Georgia dated August 19, 2008.

The monitoring wells will be reutilized by a Performance Based Contractor for the Defense Environmental Restoration Program to remediate the trichloroethylene contamination in the groundwater at this site. Therefore, Fort Stewart respectfully requests the GA EPD approve deferral for the certification of proper closure of these wells until completion of the site remediation as confirmed by the Hazardous Waste Program Manager. After the wells are properly abandoned, Fort Stewart will provide a copy of the Well Abandonment Closure Report for your records.

If there are any questions or comments regarding this letter, please contact Mr. Dale Kiefer at (912) 767-4629 or Ms. Tressa Rutland, Directorate of Public Works, Environmental Prevention and Compliance Branch, at (912) 767-2010.

Sincerely,

Thomas C. Fry
for Thomas V. Maulden

Acting Director, Public Works
