RE: Revised pages for the RCRA Facility Investigation (RFI) Phase II Work Plan for the South Central Landfill [Solid Waste Management Unit (SWMU) 1] dated May 1997 submitted in correspondence (Brown to Khaleghi) dated September 23, 1997; Fort Stewart; EPA ID No. GA9 210 020 872.

Dear Lt. Colonel Brown:

The Hazardous Waste Management Branch of the Georgia Environmental Protection Division (GA EPD) has reviewed the above-referenced revised pages and determined that the Fort Stewart Response to Comments in facsimile (Little to Rabon) dated August 22, 1997 have been appropriately integrated. GA EPA has inserted the revised pages into your original RFI Phase II Work Plan for SWMU 1 dated May 1997; the Fort Stewart submittal is now complete.

We appreciate the responsiveness of your staff to GA EPD's comments on the Work Plan which were transmitted in correspondence (Khaleghi to Brown) dated August 5, 1997. Per Condition IV.D.1.d in your Hazardous Waste Facility Permit #HW-045(S&T), this RCRA Facility Investigation must be conducted in accordance with the schedule in Section 11.0 (pages 11-2 & 11-3) of the revised Work Plan. Should you have any questions, please contact Brent Rabon or Madeleine Kellam of my staff at (404)656-2833.

Sincerely,

Bruce Khaleghi, Unit Coordinator  
Hazardous Waste Management Branch
