RE: Draft Final Site Investigation Work Plan for the MCA Barracks Site dated April 2005; Hunter Army Airfield; Hazardous Site Inventory (HSI) No. 10521; EPA ID No. GA4 210 022 733.

Dear Colonel Biering:

The Hazardous Waste Management Branch of the Georgia Environmental Protection Division (GA EPD) commented on the above-referenced document in correspondence (Rabon to Biering) dated June 27, 2005 and received a Response to Comments (RTC) Summary from Hunter Army Airfield in correspondence (Biering to Rabon) dated August 30, 2005.

Based upon our review, GA EPD approves these RTCs, as amended by discussions and decisions made during our September 13, 2005 Meeting here in Atlanta (specifically with respect to topics identified in the attached letter). GA EPD looks forward to receipt of four (4) copies of the revised plan in the short term. Should you have any questions concerning this correspondence, please contact me at 404-657-8675.

Sincerely,

Brent Rabon, Coordinator  
DoD Remediation Unit  
Hazardous Waste Management Branch
