SUBJECT: Corrective Action Plan (CAP)-Part A  
UST 261, Building 430  
Hero Road Between Bundy Avenue and West 15<sup>th</sup> Street  
Fort Stewart, GA; Liberty County  
Facility ID: 9089118\*1

*note in database*

Dear Mr. Fry:

This is to acknowledge your letter, dated March 19, 1999, that forwarded a properly certified CAP-Part A, for our review. The report was prepared by Science Applications International Corporation.

The CAP contained a Site Investigation Plan for contaminated media resulting from the referenced release at the subject location, are hereby approved by EPD. As a result of your CAP-A being technically approved, you are authorized to begin implementation of this plan, leading to the preparation of a CAP-Part B.

Please note that the original chain-of-custody forms and the original laboratory reports should be submitted in your future reports. Soils collected for laboratory analysis should either be preserved in the field or collected using En-Core samplers. Note also that the MCLs for toluene and ethylbenzene in your report were transposed in Table 3a, and that the cited information on Regional and Local Geology (Page X-5) was not the work of Metcalf & Eddy, 1996).

Please submit an updated milestone schedule, listing specific dates, events, and a time table to complete the proposed activities by July 12, 1999.

If you have any technical questions, please contact the undersigned at (404)362-2687.

Sincerely,

*Ronald J. Wallace*

Ronald J. Wallace
