Building 1720, Tank 22
Ft. Stewart, GA; Liberty County
Facility ID: 9089011*2

Dear Colonel Perez:

This is to acknowledge receipt of your Closure Report, received March 8, 1999, for our review.

Based on current requirements of the Georgia Underground Storage Tank Act and the Georgia Rules for Underground Storage Tank Management (GUST Rules) and the data contained in your report, the Georgia Environmental Protection Division (EPD) has determined that, for the current release, no further action is required at this time.

However, this site could be subject to further corrective action in the future if mandated through more stringent State or Federal statutory or regulatory changes, if drinking water systems are identified or installed within two miles of the site, if surface water bodies are impacted by any dissolved contamination resulting from this release, or if previously unidentified soil contamination, dissolved contamination and/or free product on groundwater are identified as originating from this site.

If you have any questions, please contact me at (404) 362-2597.

Sincerely,

A. J. McAllister
