*JK 17 Dec 01*  
Colonel Gregory V. Stanley  
Directorate of Public Works Building 1137  
U.S. Army/HQ3d Inf. Div. (Mech.) and Ft. Stewart  
1550 Frank Cochran Drive  
Ft. Stewart, GA 31314-4927

SUBJECT: **Corrective Action Plan (CAP)-Part A Addendum**  
**No Further Action Required:**  
Building 1331 Area, ~~UST #92~~  
McFarland Avenue, south of West 15<sup>th</sup> Street  
Ft. Stewart, Liberty County, GA  
Facility ID: 9089111\*1

UST 92

Dear Colonel Stanley:

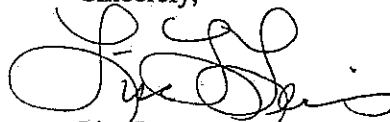

This is to acknowledge your letter, dated January 14, 1999, that forwarded a response to comments for our review.

Based on current requirements of the Georgia Underground Storage Tank Act, the Georgia Rules for Underground Storage Tank Management (GUST Rules) and the data submitted, the USTMP has determined that no further action is required for contamination resulting from the referenced release.

However, further corrective action may be required if mandated through more stringent State or Federal statutory or regulatory changes. Additional measures may also be required if existing or future drinking water systems or surface water bodies within two miles of the site are impacted by any dissolved contamination resulting from this release, or if previously unidentified soil contamination, dissolved contamination or free product are identified as originating from this site.

If you have any technical questions, please contact William E. Logan at (404) 362-2687.

Sincerely,

Lisa L. Lewis  
Unit Coordinator  
Corrective Action Unit II
