SUBJECT: Acknowledgment of Letter Regarding:
Notice to Implement Corrective Action Plan - Part A
Building 4577 Area, USTs 232 and 233 Site
Engineer Road West of Po Valley Road
Ft. Stewart, GA; Liberty County
Facility ID: 9089061*2

Dear Mr. Spears:

This is to acknowledge a letter from Lieutenant Colonel Carey W. Brown, dated September 16, 1997, that responded to my letter of Notice to Implement the CAP - Part A for the subject site.

As stated in Lieutenant Colonel Brown's letter, we understand that fate and transport modeling will be conducted at this site, as requested, and specific geological parameters will be obtained. Furthermore, the findings will be reported to EPD in a CAP - Part A Addendum, to be received April 13, 1998.

In response to the issue regarding soil left in place at the subject site that showed constituents above threshold levels, we concur that the analytical results of the samples collected from soil borings installed during the CAP - Part A, which were all below threshold limits, sufficiently address the issue.

If you have any questions, please contact the undersigned at (404) 362-2687.

Sincerely,

Kenneth F. White, Ph.D.
Environmental Specialist
Corrective Action Unit
