SUBJECT: **Notice to Implement Corrective Action Plan (CAP):**

Building 1333 Area, USTs 90 & 91
McFarland Avenue South of W. 15th Street
Fort Stewart, GA: Liberty County
Facility ID: 9089075

Dear Mr. Spears:

This is to acknowledge your consultant's letter, dated April 31, 1997, that forwarded a properly certified CAP-Part A for our review. *31 Mar 97*

The technical proposal, contained in Sections 1. through 4. of the CAP-Part A for proposed investigative and/or remedial actions for contaminated media resulting from the referenced release at the subject location is hereby approved by the Environmental Protection Division with the attached comment. As a result of your CAP-Part A being technically approved, you are authorized to begin implementation of this plan.

This technical approval does not obligate, nor does this letter approve any cost incurred or projected for investigation and/or remediation. Such an approval can only be granted through a Corrective Action Agreement (CAA) contingent on GUST Trust Fund eligibility. A CAA, formally confirming your GUST Trust Fund eligibility, will be proposed in writing as GUST Trust Funds become available.

Please submit an updated milestone schedule by August 23, 1997, listing specific dates, events and a timetable to complete the proposed activities. If you have any technical questions, please contact me at (404)362-2687.

Sincerely,

Kenneth F. White, Ph.D.
Environmental Specialist
Corrective Action Unit

EPD Comments

**Corrective Action Plan CAP-Part A:
Building 1333 Area, USTs 90 & 91
McFarland Avenue South of W. 15th Street
Fort Stewart, GA: Liberty County**

Facility ID: 9089075

1. Please expand the site investigation to include delineation of the horizontal & vertical extent of ground water contamination in the down gradient direction.
2. Please provide copies of the laboratory data sheets.
