Dear Colonel Perez:

This is to acknowledge your letter, dated January 15, 1999, that forwarded a Progress Report/CAP-B Addendum, for our review.

We have conducted a technical review of the progress report. The installation of the additional wells and the continuation of the proposed monitoring plan for contaminated media resulting from the referenced release, are hereby approved by EPD. As a result of your revised CAP-B being technically approved, you are authorized to begin implementation of this plan. **Please note:** Your letter states that the first semiannual sampling event for the site was performed in June 1998, but the monitoring report for this event has not been received by EPD. Please submit the monitoring report.

Please submit an updated milestone schedule, listing specific dates, events, and a time table to complete the proposed activities, by June 17, 1999.

If you have any questions, please contact the undersigned at (404)362-2687.

Sincerely,

William E. Logan
