December 4, 1997

Mr. John H. Spears
U.S. Army/HQ 3d Infantry Division (Mech)
ATTN: AFZP-DEV (Spears)
Building 1139
Fort Stewart, Georgia 31314-5000

SUBJECT: Underground Storage Tank (UST) *239 & 240*
No Further Action Required:
USTs 239 & 240 @ Building 4583/4578
Po Valley Road
Fort Stewart, GA; Liberty County
Facility ID: 9089100*1

Dear Mr. Spears:

This is to acknowledge your letter, dated September 2, 1997, that forwarded the subject Corrective Action Plan - Part A report for our review. The report was prepared by Science Applications International Corporation (SAIC), March, 1997.

You have certified that the CAP-Part A for the subject facility has been implemented in accordance with the schedules, specifications, sampling programs, and conditions contained therein, and that the plan's stated objectives have been met.

Based on current requirements of the Georgia Underground Storage Tank Act and the Georgia Rules for Underground Storage Tank Management (GUST Rules) and the data contained in your report(s), the Georgia Environmental Protection Division (EPD) has determined that, for the current release, **no further corrective action is required at this time for contamination related to the subject location.**

However, further corrective action for this release may be required in the future if mandated through more stringent State or Federal statutory or regulatory changes, if drinking water systems are identified or installed within two miles of the site, if surface water bodies are impacted by any dissolved contamination resulting from this release, or if previously unidentified soil contamination, dissolved contamination and/or free product on groundwater are identified as originating from this site.

If you have any technical questions, please contact Kenneth White at (404) 362-2687.

Sincerely,

Lisa L. Lewis

Environmental Engineer
Corrective Action Unit
