1550 Frank Cochran Drive  
Ft. Stewart, GA 31314-4927

SUBJECT: **No Further Action Required:**  
Building 1333 Area, USTs 90 and 91  
McFarland Avenue south of W. 15 Street  
Fort Stewart, Liberty County, GA  
Facility ID: 9089075\*1

USTs  
90-91

Dear Colonel Stanley:

This is to acknowledge your letter, dated April 10, 2000, that forwarded a properly certified Monitoring Only Report, for our review. The report was prepared by SAIC.

Based on current requirements of the Georgia Underground Storage Tank Act, the Georgia Rules for Underground Storage Tank Management (GUST Rules) and the data submitted, the USTMP has determined that **no further action is required for contamination resulting from the referenced release.**

However, further corrective action may be required in the future if mandated through more stringent State or Federal statutory or regulatory changes. Additional measures may also be required if existing or future drinking water systems or surface water bodies within two miles of the site are impacted by any dissolved contamination resulting from this release, or if previously unidentified soil contamination, dissolved contamination or free product are identified as originating from this site.

Please submit a Completion Report and Certification, documenting that the associated monitoring wells have been properly abandoned, by **September 21, 2000**. If you have any technical questions, please contact me at (404)362-2687.

Sincerely,

*Ronald J. Williams Sr.*  
Lisa L. Lewis  
Unit Coordinator  
Corrective Action Unit II
