SUBJECT: **Notice to Implement Corrective Action Plan (CAP):**
Building 1281 Area, UST 82
Wilson Avenue, South of Divarty Road
Fort Stewart, GA; Liberty County
Facility ID: 9089029

Dear Mr. Spears:

This is to acknowledge your letter, dated May 16, 1997, that forwarded a properly certified CAP-Part A for our review.

The technical proposal, contained in Sections 1. through 4. of the CAP-Part A for proposed investigative and/or remedial actions for contaminated media resulting from the referenced release at the subject location is hereby approved by the Environmental Protection Division with the following comment: Please ensure that the proposed monitoring wells are screened to include the seasonally high and low water table elevations so that if free product is present, it will be detected. As a result of your CAP-Part A being technically approved, you are authorized to begin implementation of this plan.

Please submit an updated milestone schedule by September 30, 1997, listing specific dates, events and a timetable to complete the proposed activities. If you have any technical questions, please contact me at (404)362-2687.

Sincerely,

Kenneth F. White, Ph.D.
Environmental Specialist
Corrective Action Unit
