Underground Storage Tank Management Program
Attention: Mr. William Logan
4244 International Parkway, Suite 104
Atlanta, Georgia 30354

Dear Mr. Logan:

Fort Stewart is pleased to receive the Georgia Environmental Protection Division's (GA EPD's) correspondence dated March 15, 2001 approving the "No Further Action" status for former underground storage tanks (USTs) 236 and 237, Facility Identification Number 9-089062*1, Fort Stewart, Georgia.

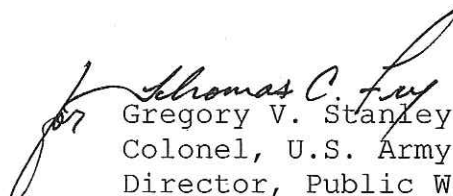

Although not specifically requested by this correspondence, Fort Stewart has properly abandoned the five monitoring wells (i.e., MW55-09 through MW55-13) located at the UST 236 site. Fieldwork was completed the week of April 2, 2001, and all completion requirements have been met. The following certification is provided for your use and information:

I hereby certify that the following reports and addenda regarding the former USTs 236 and 237, Facility Identification Number 9-089062*1, including any and all amendments thereto, have been implemented in accordance with the schedules, specifications, sampling programs, and conditions contained therein, and that the plan's stated objectives have been met.

- May 1997 Corrective Action Plan (CAP)-Part A. GA EPD, USTMP provided review comments in correspondence dated July 30, 1997. The subsequent Addendum#1 submittal and revised site ranking was approved by GA EPD USTMP, in correspondence dated October 25, 1999.
- July 2000 CAP-Part A Addendum #2. Approved by GA EPD, USTMP, in correspondence dated March 15, 2001.

If you have any questions or comments, please contact Ms. Melanie Little or Ms. Tressa Rutland, Directorate of Public Works, Environmental Branch, at (405) 364-8461 or (912) 767-7919, respectively.

Sincerely,

Gregory V. Stanley
