Commissioner

Dear Veterans and Families,

This guide is dedicated to the brave men and women who have served our country, as well as the families who have stood by their side. A veteran's sacrifice, dedication, and resilience are at the core of everything we do at the Georgia Department of Veterans Service (GDVS). Our work is simple: to ensure that Georgia's veterans receive the benefits, care, and opportunities that were rightfully earned.

This guide provides an overview of the many services available to you, from benefits assistance and appeals support to the oversight of VA education programs in Georgia and the management of the state's War Veterans Homes and Memorial Cemeteries. Wherever you are in Georgia, our Veterans Field Service Offices are staffed with compassionate professionals ready to offer you personalized guidance and support.

It is a privilege to serve as your Commissioner, a role I hold with great responsibility, entrusted to me by the State Veterans Service Board—a group of seven wartime veterans dedicated to the well-being of Georgia's veteran community. Their experience informs our work, ensuring we remain steadfast in our commitment to serving those who have worn the uniform with honor and distinction.

Together, the entire GDVS team stands by you. Thank you for your service and know that we are here to serve you in return.

Respectfully,

A handwritten signature in black ink, appearing to read "Patricia Ross".

Commissioner

Brian P. Kemp

Governor of the State of Georgia

Our veterans and military families have given so much in service to our country. Though we can never fully repay the debt we owe you, I'm proud that here in Georgia, we are doing our best to keep our state the best place in the nation for service members, veterans, and their families to live, work, and raise a family.

Marty and I have had the privilege of traveling across Georgia and meeting with veterans and their families, hearing your stories of service, sacrifice, and resilience. These conversations remind us why it's so important to ensure that our state provides access to the resources and support you've earned. You are the backbone of our state and nation, and it's our duty to stand by you.

Georgia is home to over 600,000 veterans and 100,000 current service members, along with their spouses and children. With nine military bases in our state, we want veterans and their family members to choose Georgia for their second career or education. Our businesses know the value veterans bring, and they're actively seeking your skills and experience.

As Governor, I'm committed to ensuring that Georgia remains the most military-friendly state in the country. This Veterans Resource Guide is a part of that commitment. Whether you're looking for education, employment, or other services, this guide will help connect you with the benefits and resources you've earned.

Thank you for your service and the sacrifices you've made. Georgia will always honor you, and we will continue working to make sure you have the support to live well and thrive.

A handwritten signature in black ink that reads "B. P. Kemp".

ABOUT THE GDVS

VETERANS EDUCATION AND TRAINING

By law, the Georgia Department of Veterans Service is designated as the State Approving Agency (SAA), responsible for approving and supervising all institutions and establishments in Georgia that offer education and training under the provisions of the Veterans Educational Assistance Program (GI Bill).

Within the GDVS, the SAA function is performed by the Veterans Education and Training Division. This division is responsible for ensuring approved educational institutions and establishments meet and maintain acceptable standards so eligible persons who attend may receive educational assistance from the U.S. Department of Veterans Affairs. This includes all public and private schools and all establishments offering apprenticeship and other on-the-job training.

These programs must have SAA approval before veterans and other eligible persons may receive educational benefits (GI Bill) from VA under the authority of Title 38, U.S. Code and Chapter 1606 Title 10.

Federal and state laws require stringent regulatory compliance of all institutions and establishments approved for veterans attendance. The responsibilities of approval, annual inspections, and ensuring corrective action when necessary, constitute a vital function of the Georgia SAA.

The satisfactory performance of these duties requires SAA personnel to have extensive knowledge in education administration and a full understanding of the laws and regulations that govern and control the Veterans Educational Assistance Program.

For further information concerning approved universities, colleges, technical and trade schools, flight schools, correspondence schools, as well as apprenticeship and on-the-job training programs, contact the SAA staff.

Contact: 404-656-2306 or saaga@vs.state.ga.us.

VETERANS EDUCATION AND TRAINING

ON-THE-JOB TRAINING PROGRAMS

On-the-Job (OJT) programs may be approved for a wide variety of entry-level jobs. Once approved, a veteran participates in the OJT program while working under the employer's supervision. The veteran receives monthly VA education benefits in addition to a regular salary.

In order to apply, a veteran must be employed full-time with an employer who can provide training in a bona fide trade or skill in which the veteran is not already qualified.

APPRENTICESHIP PROGRAMS

Apprenticeship training is similar to OJT, but includes theoretical instruction as well as practical training. While learning a trade as an "apprentice," the veteran is taught by a skilled worker, a "journeyman." Once approved, the veteran receives VA education benefits while working full-time and earning wages.

Apprenticeship programs differ from OJT in that they are normally two or more years in length. They require a minimum of 144 hours of related classroom instruction per year. The employer, local technical college, union, or the Federal Bureau of Apprenticeship Training usually provides classroom instruction.

The SAA approves non-registered programs. Both the Federal Bureau of Apprenticeship Training and the SAA approve registered apprenticeship programs. Some examples of approved programs are carpenter, electrician, brick mason, and plumber.

How do I obtain a Vietnam War Certificate of Honor?

As part of the commemoration of the 50th anniversary of the Vietnam War, the State of Georgia and the GDVS wants to honor every Vietnam War veteran in the state.

The Vietnam War Certificate of Honor is available to every Georgia veteran with honorable service during the Vietnam War. This includes veterans with service in country and those who served in other capacities. Each certificate is personalized with the Vietnam War veteran's name, rank, branch of service, and dates of service printed over the Seal of the State of Georgia and includes the official U.S. Department of Defense's Vietnam War Commemorative Partner logo.

What is a Veteran Identification Card? How do I get one?

The Veterans Identification Card Act 2015 (Public Law 114-31) was enacted on July 20, 2015. The U.S. Department of Veterans Affairs is responsible for administering this program. It does not replace your Veteran Health Identification Card or your Department of Defense ID Card.

As of July 1, 2018, VA is issuing the Veterans Identification Card (VIC) to veterans who apply online at va.gov/records or speak to a representative at a VA Medical Center or CBOC near you. Call 800- 827-1000 for more details.

Can the GDVS help me apply for federal veterans benefits?

Absolutely. GDVS personnel are certified to counsel veterans on their eligibility for federal veterans benefits and assist them in applying.

Find an office near you by visiting veterans.georgia.gov/field-offices or review the list of field offices included in this guide.

I have been advised to apply to VA for compensation. What is compensation, and how do I apply?

Compensation is a tax-free benefit program that evaluates a disability presumed to have been caused by active-duty military service. Generally, the degree of disability specified is also designed to compensate for considerable loss of working time from exacerbations or illnesses. The GDVS is happy to assist with the application process.

Find an office near you by visiting veterans.georgia.gov/field-offices or review the list of field offices included in this guide.

For additional information, see the compensation topic at the U.S. Department of Veterans Affairs website, va.gov.

My spouse died of a service-connected disability. What benefits am I entitled to, and how do I apply?

The entitlement is referred to as Dependency and Indemnity Compensation (DIC). This benefit pays a monthly payment to a surviving spouse, child, or parent of a veteran whose death was determined to be service connected. The GDVS is happy to assist with the application process. Find an office near you by visiting veterans.georgia.gov/field-offices. For additional information, see the DIC topic at the U.S. Department of Veterans Affairs website, va.gov.

I had an emergency and went to a non-VA facility. What do I do now?

During medical or mental health emergency, veterans are encouraged to seek immediate medical attention without delay. They do not need to check with VA before calling an ambulance or going to an emergency department. Veterans are eligible to receive VA-authorized emergency care at an in-network facility if VA is notified within 72 hours of the start of care.

Providers should report your emergency treatment through VA's Emergency Care Reporting (ECR) portal, <https://emergencycarereporting/communitycare.va.gov> or by calling 844-724-7842. They also need to contact the local VA medical center to coordinate follow-on care and transfer activities, if necessary.

VETERANS IN GEORGIA

How many veterans live in Georgia?

As of April 2023, the National Center for Veterans Analysis and Statistics estimated 678,304 veterans living in Georgia.

For more in-depth figures, including county-by-county breakdowns, visit the NCVAS website: va.gov/vetdata.

Can I have a list of all the veterans in an area?

The Georgia Department of Veterans Service does not maintain a list of all veterans living in Georgia. While we do maintain lists of veterans receiving services or assistance, that information is confidential and is not available to the public.

How do I locate a veteran?

The U.S. Department of Veterans Affairs and the Georgia Department of Veterans Service are limited, by law, to the extent they can help locate a veteran. VA will try to forward a letter to a veteran, but it is up to the veteran to contact the sender of the letter.

The proper procedure is to write a letter to the veteran and place it in an unsealed envelope, bearing the veteran's name, with sufficient postage to cover mailing costs. Forward that letter and envelope to VA. Include a cover letter detailing as much identifying information about the veteran as possible: full name, date of birth, last known address, service serial number, VA claim number, Social Security number, last military address, rank, and date of discharge.

Mail the request to:

VA Regional Office-Atlanta
Attention: Privacy Act Office (211D)
1700 Clairmont Road
Decatur, GA 30330

VA will forward the letter to the veteran's address if it is known. If the address is unknown or if the letter is returned undeliverable, VA will return the writer's original letter.

How do I find a job with the GDVS?

As vacancies occur within the GDVS, they are announced and recruited via the Team Georgia Careers website: team.georgia.gov/careers. This is the primary recruiting site for job vacancies in Georgia state government agencies.

What other job resources are available from the state?

The Technical College System of Georgia's Office Workforce Development offers assistance to job-seeking veterans and their families through WorkSource Georgia. Job search workshops, résumé and cover letter assistance, and resources for transitioning into the civilian workforce are a few of the services provided for veterans.

For any other issue, questions, or concerns, please direct your comments to GDVS External Affairs and Communications at gavetsvc@vs.state.ga.us. Your feedback will be forwarded to the appropriate office.
