SOUTHEAST DAD JOKE CORNER

What do you call a pig who knows karate?

ᵀᵒᵈᵃᵞ ᵀᵒᵈᵃᵞ

Submitted by Herbert Major, Ft. Stewart

If you sneeze, and I say, "God bless you", the only thing you need to say is "thank you". I don't need to hear all of this "how did you get in my house", "why is my window broken", "I'm calling the police".... stuff.

Submitted by Mark Fuchs, Goose Creek

DID YOU KNOW...?

• *Did you know...* Now that the [Data Tagging pilot](#) has begun, all A365 users will see recommended sensitivity labels when working with documents, emails, and data. However, only pilot participants and MAM users (those under the Bring Your Own Device program) need to apply a label at this time.

• *Did you know...* [Army Enterprise Azure Virtual Desktop \(AVD\)](#) is a Windows 11 virtual machine that uses your Army 365 credentials for an optimized, full single-sign on experience. It is available from NIPR and commercial (including home) networks using government, corporate, and personal devices, thus making it a great tool especially for TDY travel or telework. Read more [HERE](#).

• *Did you know...* You can request to add links to your V-Team Tactical Toolbox on your SharePoint Online V-Team pages! Simply send a request to Information Operations V-Team (sernec_infoops@army.mil). This is a great way to encourage the flow of information across your team and to onboard new v-team members by providing them necessary team resources in a single place!

• You may already know that the Tactical Network branch has collapsed, but can you name all branches under the Southeast RNEC? Find your cheat sheet to the left! 🤖

FORT MOORE DIRECTOR RETIRES

Left to right: Neil Smith, Justin Harrison, James Woodworth (USO), Nick Toler, Mike Childers (Director), Jason Ketcham, Daryl Rounds, Lorene Lane

Mr. Mike Childers, Fort Moore LNEC Director, retires June 28, 2024 after serving Fort Moore since 2018. There's no doubt Mr. Childers will be greatly missed across the Southeast Region. Mr. Childers' coworkers speak highly of him as a man of integrity and humility, but the thing that stands out most is his care for other people.

James Woodworth (Ft. Moore) states, "I think Mr. Childers was a great leader who would take the time to listen and provide feedback. He had a big heart and cared for his NEC employees and did not see contractor, DAC or green suit. He just saw his employees."

Ronald Nash, Ft. Moore Division Chief, states, "Mike has been a good leader to us at the NEC, and a great friend to our customers. He has never not provided guidance when asked for it; and, he has never not stood behind that guidance if the outcomes went awry. I guess the best thing is that he has always had our back."

"It has been an honor to have worked for Mr. Childers over the last 6 years. His steadfast positivity, experience, and exceptional leadership have left an indelible mark on everyone here at the Fort Moore NEC. His ability to connect with people and draw the best from them are the driving force behind our many successes. I have learned much from him that have made me a better leader. I wish him a long and happy retirement," declared Dennis Sherman, Ft. Moore Division Chief.

Mike Childers even took the time on multiple occasions to provide feedback on our humble newsletter, demonstrating his care for even the smallest of endeavors. Congratulations on a well deserved retirement, Mr. Childers! Thank you for all you've done to support the Southeast Region!

Fort Moore Director, Mike Childers, makes last walk with senior staff before retirement.

NATIONAL SAFETY MONTH

June is National Safety Month! Help spot hazards *before* an accident occurs by asking yourself, "If I take this action, what might happen?" Try asking yourself this today to see how many hazards you can spot. Then, act quickly to both **report** and **fix the hazard** by identifying the cause and solution.

Trevor Arnold, Ft. Moore Security Manager, taking safety messages and wellness to heart and walking on treadmill while working.
