Memorandum for Contractors and Tenants

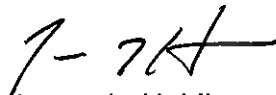

Subject: The Directorate of Public Works (DPW) Policy Letter #11 – Stormwater Management Program

1. **References.**

- a. Federal Clean Water Act (CWA), as amended (33 U.S.C.1251 et seq.), and CWA Stormwater Regulations 40 CFR 122.26.
  - b. Section 438 of the Energy Independence and Security Act at 42 U.S.C. 17094.
  - c. Executive Order 14057, Catalyzing Clean Energy Industries and Jobs Through Federal Sustainability, 08 December 2021.
  - d. Georgia Water Quality Control Act, as amended, O.C.G.A. §12-5-20 et seq., and the Rules for Water Quality Control, Chapter 391-3-6, promulgated pursuant thereto, as amended.
  - e. Erosion & Sedimentation Control Act, as amended, O.C.G.A. §12-7-1 et seq., and the Rules for Erosion & Sedimentation, Chapter 391-3-7, promulgated pursuant thereto, as amended.
  - f. Deputy Under Secretary of Defense (Installation and Environment) Memorandum, DoD Implementation of Storm Water Requirements under Section 438 of the Energy Independence and Security Act, 19 January 2010.
  - g. AR 200-1, Environmental Protection and Enhancement, 13 December 2007.
2. **Purpose.** To Provide Guidance on the Stormwater Management Program
3. **Applicability.** This policy applies to all contractors and Tenants at Fort Stewart and Hunter Army Airfield (FSGA/HAAF).
4. **Policy.** The installation's stormwater systems are regulated under the National Pollutant Discharge Elimination System (NPDES) Permits, as defined in above references.

- a. To protect water quality, the installation is required to have a Stormwater Management Program that reduces the discharge of pollutants from industrial activities, construction activities, and the Municipal Separate Storm Sewer System (MS4) to the "maximum extent technically feasible."
- b. For any new development and redevelopment that occurs on the installation, the Stormwater Management Program must include best management practices (BMPs) for construction site stormwater runoff control and post-construction stormwater management.
- c. For new development or redevelopment of 5,000 sq. ft. or greater that occurs on the installation, the Stormwater Management Program must include, to the "maximum extent technically feasible," additional stormwater low impact development BMPs.
- d. All personnel are required to comply with the Installation's Stormwater Management Plan, as detailed in the following documents located at <http://home.army.mil/stewart/about/Garrison/DPW/environmental/prevention-and-compliance/water>.
  - (1) Stormwater Pollution Prevention Plan (SWP3) for Industrial Activities.
  - (2) Municipal Separate Storm Sewer Systems (MS4) Notices of Intent.
  - (3) Illicit Discharge, Detection and Elimination (IDDE) Plan.
  - (4) Stormwater Guidance for Construction Site Stormwater Runoff Control.
  - (5) Post-Construction Stormwater Management Guidance for New Development and Redevelopment.
  - (6) Stormwater Maintenance Standard Operating Procedures.

5. **Proponent.** The DPW is proponent for this policy. The point of contact is DPW Environmental Division at commercial (571) 801-0241.

  
James L. Heidle  
Director, Public Works
