### TRANSITION PLANNING OVERVIEW

The key to a successful transition is planning, which requires a carefully thought out Individual Transition Plan (ITP). The ITP provides a framework to achieve realistic career goals based upon an assessment of your personal and family needs as well as your unique skills, knowledge, experience, interests and abilities. You create and maintain your ITP with assistance from your Transition Counselor<sup>1</sup> using the following template to coincide with the ones available in your specific transition workbook(s). The ITP mirrors the TAP outcome-based curriculum and provides a means to discover and explore your skills and interests which may lead to potential post-transition career tracks. The ITP helps you identify critical activities associated with your transition and your Transition Counselor will assist you through the process of organizing your transition into manageable tasks. The ITP also helps you to establish a timeline for completing all required activities prior to separation – it is a living document and can be modified at any time. The ITP is the road map for attaining your employment, education, vocational training, and entrepreneurial objectives and can help you make a successful transition to civilian life. To develop a successful ITP you must consider the following critical elements in your planning process:

- Identify Post-transition Personal/Family Requirements
  - Taking Care of Individual/Family Needs
  - Assessing Benefits and Entitlements
  - Getting Financially Ready
- Evaluate Military and Civilian Experience and Training
  - Documenting Job Related Training
  - Verifying Eligibility for Licensure and Certification
  - Identify career field(s) you are qualified to enter
- Determine Post-transition Career Track(s)
  - Finding a New Job
  - Continuing Your Education
  - Pursuing Vocational Training
  - Starting a Business

<sup>1</sup> *Transition Counselor* is a term used by the Army

- Assess impact of individual/family requirements on relocation options (e.g. quality of local schools, availability of medical care, spouse employment opportunities, etc.).
- Evaluate your immediate post-transition housing requirements.

  - Contact the housing referral office to set up transportation counseling. The installation transportation office can provide detailed information about planning the movement and storage of your household goods.
  - Visit the VA website: <https://www.va.gov/housing-assistance/home-loans/> to get information on the VA home loan guaranty program.

- Evaluate if the thought of leaving the military creates increased feelings of stress or anxiety on you and your family.
- Consider your support system.
  - Who do you go to for advice, personal counsel and/or mentoring in a difficult challenge or decision?
  - Will you still have access to those persons after you transition from active duty?
  - Determine what steps you need to take now to maintain contact and continue those relationships.

Notes:

**B. Assessing Benefits and Entitlements**

- Evaluate the benefits (e.g. additional income, promotions, leadership and professional development opportunities, travel) associated with continuing your military service in either the Reserves or National Guard (if applicable). Consider the financial impact of continued entitlements such as medical and dental coverage, life insurance, military exchange, commissary, club privileges, recreational and athletic facilities.
