# Bulk Waste Guide

At USAG Wiesbaden, bulk pick-up takes place bi weekly. The pick-up alternates between **metal electric devices** and **bulk (all kind of furniture)**. All other waste like tyres, coolant fluid, used car oil, batteries and paint must be disposed of in our Recycling Center on Clay Kaserne, Build. 2450.

It is prohibited to bring off-post waste onto US installations. Residents living off-post must use their city for refuse collection services and local community recycling drop-off points ("Recyclinghof").

Cartons, waste bags and any items other than bulk waste must not be placed outside the waste containers. Proper segregation helps to keep containers from overflowing.

**Residents should put their bulk waste close to the street the night before pick-up.**

**Pick-up schedule is available at:
