HEROES OF THE BATTLEFIELD

Sgt. Nicholas Doty, a medic with the 787th Military Police Battalion, is currently depolyed in support of U.S. Army Recruiting Command, where he has worked to improve the efficiency of the medical screening process within the Genesis Pilot Program. By developing internal tactics, techniques and procedures for all combat medics to utilize, Doty has decreased the amount of time required for pre-screens and improved knowledge management.

Staff Sgt. Raquel Jose, a drill sergeant with 2nd Battalion, 10th Infantry Regiment, has continuously demonstrated her dedication and empathetic leadership style with trainees. Jose personally took it upon herself to spearhead her unit's

naturalization efforts. She has briefed, coached and facilitated nearly two dozen naturalization packets for her unit's trainees. Her efforts provide cadre from across the entire

brigade a great example of compassionate and effective leadership.

Alphonso Brown, Reception Operations chief at the 43rd Adjutant General Battalion, played a critical role in reinstating Night Initial

Receiving Branch operations by coordinating with key personnel to manage updated timelines and sequencing of the operation. This achievement marks a return to pre-COVID operating procedures. Brown's relentless effort demonstrates his status as an invaluable asset to our team of teams.

CONGRATULATIONS

to Maneuver Support Center of Excellence and
Fort Leonard Wood's own

Staff Sgt. Krista Osborne

for being named this year's
U.S. Army Drill Sergeant of the Year!

MEET YOUR MAYOR

Name: Matt Adams

Community: South Lieber Heights

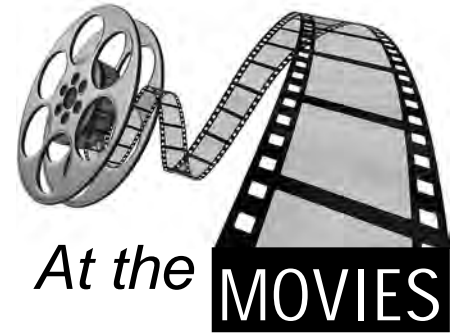

Why did you decide to become a community mayor?

I wasn't sure about taking this on at first, but then I realized I could do something with it – I could help residents and make sure their voices are heard. Doing what I can to get them taken care of gives me the opportunity to give back to my community.

What are some initiatives you want your community to know about?

The North Stone Gate and South Lieber Heights neighborhoods have a [community Facebook page](#), where we put a lot of notes, events and videos. That's one of the biggest things really because it helps our residents communicate. I also just want people to know more about the mayor program and what we can do to help. We can explain to residents how things work and be a point of contact they can go to when they're not sure who to call about something.

On-post family housing here is operated and maintained by Balfour Beatty Communities, Fort Leonard Wood's housing partner. Routine maintenance requests may be made online through the resident portal on the [BBC website](#). Work order requests received via the website are monitored during normal duty hours. Non-routine maintenance needs can be addressed by calling BBC's 24/7 work order line at 573.329.4000.

Abrams Theater is now open for movies on Fridays, Saturdays and Sundays. This weekend's film showings include:

“The Woman King” *

Rated PG-13

Showing at 6:30 p.m. Friday,
1 p.m. Saturday and 1 p.m. Sunday

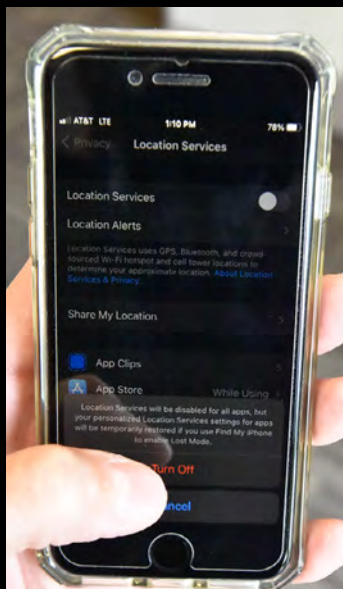

Prices for regular showing are \$6.50 for adults and \$3.75 for children. Prices for 3D showings are \$8.50 for adults and \$5.75 for children. Call 573.329.6176, or visit the [Exchange website](#) for details.

*Denotes a first-run showing.

NEED HELP?

DIAL 9-8-8

The national suicide prevention and mental health helpline may now be reached by calling 9-8-8. Veterans may still press “1” to be connected with a responder trained to assist military and veteran populations.

Technologies we use every day can pose an Operations Security, or OPSEC risk.

Location data advertises where you are, where you've been and potentially when you'll return.

To mitigate risk:

- turn off precise location settings when not needed for navigation, workouts or other activities, or when taking pictures, especially when on vacation;
- refrain from posting information online about your vacation or extended trips away from your residence until you have returned home; and
- always examine where a company is based when deciding to purchase a smart device or download an application. Understand the risk factors, and that your data could be stored by whatever country owns that technology.

Practice OPSEC every day, keep terrorists at bay.

BUILDING BONDS

ON FORT LEONARD WOOD'S TEAM DEVELOPMENT COURSE

Trainees with Company E, 701st Military Police Battalion, took on the Team Development Course Tuesday, during week four of the Basic Combat Training portion of their One Station Unit Training. Weeks three and four of BCT are known as Red Phase, when training is focused on discipline, values and teamwork. Click [here](#) for more information on the Army's Initial Entry Training.
