SEE THAT WE GET

The MILITARY POLICE Journal

NEWS OF YOUR UNIT

Col. T. G. Bradlee, Ret., MPA Secretary, has been ill for almost three months but expected to be able to represent the MPA at the public hearings on the pay bill.

FLASH MPA Membership totaled 5,056 on 21 Jan. This compares with 100 on 1 Sept. and 5,400 for the British Royal MP Association.

SECOND ARMY REALLY LEADS: Col. G. B. Buell and his co-workers really took the lead in Jan when they went ahead of TPMGC (which lost a lot of graduating students to other areas—we must admit). By 9 Jan Second Army topped the 600 mark and by mid-month had more than 700 members. Gen. Maglin's men really got to work and pulled into second place and Sixth Army with Col. Driskell up passed 600. FEC was threatening TPMGC for fourth place. Second Army was doing consistent work throughout the area and also got the first ROTC cadets.

701ST CONTINUES ITS LEAD: For the second straight month Col. Slob and his men maintained the lead among the heavyweights. They passed the 400 mark in mid-Jan. Several Bn COs have announced that they will take the lead in this race. So far Elmer is still out in front. We understand he is going overseas.

542d MP SV Co. Sets Hot Pace

Capt. Samuel Engleman and his men in Puerto Rico are taking no chances of being headed in the Co race. With a good margin in Dec they really started work in Jan and by mid-month were 100 members ahead of their nearest competitor. In sending in 108 in Jan Sam apologized for having only 90%. He expects to have some more members soon. We take our hats off to them for an outstanding job. LtC A. F. Bruno (OA 4) is PM in P. R.

11th MP CID took a commanding lead in the CI race in Jan. Second place is held jointly by 3rd, 6th and 14th MP CID. Capt. McCarthy of the 79th says to watch his smoke now that he is authorized an "ME" outfit. He as maintained 100% throughout.

100% GROUPS: The 79th CID was omitted last month. Col. L. M. Edelen, PM, Frankfurt, states that all officers of units under his operational control are members; officers of the PM Div, Eucom are all members.

5,000 MEMBERS: 3,000th member Cpl Frank Trotta, 42d MP Co (NG); 3,500th member Pfc G. F. Conkling, 520th MP Sv Co (SHAPE); 4,000 member Cpl A. R. Torres, 572d MP Co (Eucom); 4,500th member Pfc R. O. Schesser, 503d MP BN (N.C.); 5,000th member, Pfc C. K. Turner, 515th MP Co Ft Lee.

Success in a Military Police Career

By MAJOR GENERAL E. P. PARKER
The Provost Marshal General

In the military police field, as in most others, there is no easy road to success, and to the things that go with success — the satisfaction of a job well done, and advancement to positions of greater responsibility.

Success in our work depends first of all upon certain indispensable factors, among them strength of character, unimpeachable personal conduct, and a genuine desire to serve the nation and the individual members of the military community.

Success depends also upon knowledge. Other factors being equal, the man who will succeed where others fail, who will move ahead while others stand still, is the man who knows his job better than anyone else — and who knows, too, something more than just his own job. He is the man who helps himself to success by constantly improving himself through training. He is the man who is determined to add to his general overall knowledge as well as to his technical skill in his particular specialty.

I have known many officers of demonstrated ability in practical jobs who have been held back because their lack of general education made them unfitted for staff work, for ROTC duty, for higher service schools, and for other assignments that are important segments of a well-rounded and successful career. I have known many fine enlisted men, possessing admirable personal attributes, who could not move ahead to more responsible duties, or to warrant officer or commissioned status, because of insufficient formal education.

It is never too late, and no one of us is too old, to get more schooling. The opportunities for self-improvement through education are almost limitless. Many members of the Military Police Corps—officers and enlisted men, Regulars, Reserves, and Guardsmen—are taking high school and college courses, by attending night school or through correspondence work. Many others are enrolled in the extension courses of our service schools. These officers and men, by raising their educational level are improving their value to the service, and they are increasing their own chances for advancement and their potential for success.

It has often been said that in any organization there is always room at the top, always a better position waiting for the man who is good enough to fill it. Ours is a young Corps. It is being entrusted with increasingly broader responsibilities. It offers growing opportunities for advancement—opportunities for success—to those officers and men who can prepare themselves to accept it.

Gannon Cadets First in MPA

Provost Corps (Entire Senior Class of 40) Enrolls as a Group

The 40 members of the MP ROTC Senior class at Gannon College, Erie, Pennsylvania, were the first cadets to enroll as members of the MPA. Soon after a letter was sent to each of the 14 MP ROTC units asking who would be the first to enroll an ROTC cadet in the MPA, a telephone call was received from LtC R. E. Wade, PMS&T, at Gannon College, in which he reported that the entire senior class had been enrolled. The actual membership applications and check for $80.00 was received in due time. The members of the senior class are all, also, members of The Provost Corps, a military organization for MP ROTC students which was originally started at Michigan State by Major General E. P. Parker, The Provost Marshal General and Colonel J. P. Holland, Deputy, The Provost Marshal General. We plan to publish something on the Provost Corps in the near future, in the meantime we welcome the members of the ROTC into MPA and hope soon to have representatives of the senior classes of all fourteen schools as members.

The President's Message

For the first time the Corps (and its counterparts in the other Services) has a publication that is capable of reaching the majority of the individuals and units interested in law enforcement and prevention work. We realize not only the tremendous responsibility that we have, but also the splendid opportunity presented by the fine and increasing world-wide support of the Military Police Association and THE MILITARY POLICE JOURNAL.

While each month there a number of new members who may be reading THE MILITARY POLICE JOURNAL for the first time, we believe that they, and certainly the earlier members, can see the pattern of the publication unfolding. We started with a two page letter which carried only a small amount of news. We have gradually expanded, and with almost every issue we have taken another step in the program to present to you each month, not only the news of your friends and associates, but also articles of interest about police work in the Armed Forces, both at home and abroad.

Although at various times, particularly during World War II, there have been official publications devoted to military police work, we now have for the first time a going publication of an unofficial nature—one in which we can disseminate not only technical information, but in which we can keep you informed about the activities, accomplishments and achievements of individuals and units. Such a program seldom reaches individuals, both in and out of the service, as a personal message to each one of them, as does the publication of the association. Such a program for a small branch probably would not be profitable as a commercial enterprise, therefore it behooves us to take advantage of what we have started and to continue to build until we have a publication worthy of the Corps.

As time goes on, and the membership increases, it is our plan to develop THE MILITARY POLICE JOURNAL into a real magazine. A magazine edited for its readers, and not for any other purpose. We plan to have not only sections for each ZI Army, but also for each unit, of the various Services, or area which has sufficient members to warrant a separate news section. So far we have published every item of news submitted by any individaul or unit, and we believe that we can continue to do so for sometime to come. We have studied the situation thoroughly and believe that we can continue to send you an increasingly better magazine each month, with more and better coverage of you and your friends and associates for the present $2.00 membership fee. Whether we succeed will depend on how you support the publication both with memberships and news.

We appreciate that the issues to date have not been perfect from any standpoint. They have been the result of volunteer work on the part of all of the individuals concerned, but considering the progress that has been made since the first two page letter in August 1951, to the the then 34 members, we believe that your continued support is justified. We also believe that YOU have an unusual opportunity, to contribute, through your association and journal, to the building of a Corps of which we can be more rightfully proud than we are of what we have and are today. We hope that each of YOU will feel free to take advantage of your rights as a member to contribute to the program that has been started. If you like this program tell your friends about it!

Francis E. Howard

Supply economy is important to you, the defense effort and the Nation. What you do toward the conservation of and economy in the use of manpower and material is more important today than ever, and may be an important factor in your future.

MP Journal Progress Report

When we had 1,200 members we contracted to print the December issue on a basis which necessitated 1,500 paid members. We printed 3,000 copies and they were all mailed to paid members before the January issue was off the press. For the January issue we printed 5,000 copies. As this was written these were being mailed to old members and to new members immediately upon receipt of their $2.00 membership fee. During December we made application for a second class mailing permit. This alone will save us considerable money. The January issue was big enough to call for six cents postage and the second class rate will cut our expenses in this department by about sixty-six per cent. The new rate will be by the pound and while it may slow your copy up a little bit, it will enable us to give you more in the magazine. Individual first copies to new members will continue to be mailed first class since we can only make two mailings during the month under the second class permit. We plan to continue to use envelopes in the interest of personalizing the message to you. We are also purchasing addressograph plates to cut the cost of preparing the envelopes. With 3,000 members the monthly budget is $500. With such a fund we can certainly do something for all, each month which none of us could do for ourselves individually with less than seventeen cents to spend.

Are You Prepared?

Regardless of what you may hear or think top people are always looking for comers, whether it be for a possible vacancy for a squad leader or a theater commander. Once you prove that you are prepared for the job next above the one you have now it is likely that someone will already have noted the fact. Even though you may think no one knows you or what you do. . . .there are those who do and who care. Quite a few articles appeared in December about General A. M. Gruenther. When he graduated in 1918 someone figured out it might take 85 years for the then numerous Second Lieutenants to Make Colonel. Gruenther was lieutenant for 16 years. As a major in 1940 he attracted the attention of Colonel Eisenhower who listed him in his little black book as a comer. Later Eisenhower asked the Pentagon for Gruenter as his C/S. Marshall had likewise listed Eisenhower as a comer some years before that. Are people listing you as a comer, or just another member of the Corps who does what he is told and never plans for what may open up in the days ahead?

Suggestions are welcome but if you belive a certain subject should be covered prepare an article, or a series of articles, and submit it. Articles of less than 400 words are preferred. Those of 400-600 are welcome. Articles of more than 800 words will be returned or briefed if the material can be used. Material should be cleared locally as THE MILITARY POLICE JOURNAL is the same as any other commercial publication as far as military writers are concerned.

THE MILITARY POLICE JOURNAL, published monthly, is the official publication of the Military Police Association. The membership fee including a subscription to THE MILITARY POLICE JOURNAL is $2.00 payable as of 1 October each year. Correspondence concerning the MPA or the MP Journal should be addressed to the Association, P. O. Box 2078 Hill Station, Augusta, Georgia, USA, attention of the official concerned. Material intended for publication should reach the Editor by the 15th of the month preceding the date of publication. Use regular AGO Form for notifying the MPA of changes of address. Application for entry as second-class matter is pending. International Exchange of Fingerprints

Eighty-one foreign countries, United States territories and possessions cooperated with the FBI in the international exchange of fingerprints in the 1951 fiscal year. In this 12 month period, ending June 30 1951, a total of 1,267 fingerprints were transmitted abroad, and the receiving countries were able to make identifications on approximately 11.13 percent of them. The FBI Identification Division received 13,597 fingerprints from foreign countries and American Territories and possessions and approximately one fourth (24.18 per cent) were identified with fingerprints on file. Years ago a criminal, once he had escaped from one country, might feel comfortably safe in his foreign place of refuge. That is no longer true today. The International exchange of fingerprints is helping to identify the world-wide criminal. In this way, law enforcement everywhere is being benefited. PM Bulletin Fort Knox.

Selection of Sailors for MP Training

By Colonel E. S. Laue, USMC
Head, Corrective Services Branch Department of the Navy

Editor's Note: Seventeen Navy men have written in recently for information. Many of them wanted to know how they could be selected for training at the Provost Marshal General Center. Col. Lane gives further information on the U. S. Navy in the following taken from one of his recent letters answering some of the questions of sailors who have written the MPA.

Assignment of naval personnel to the MP School is reserved to those currently on shore duty. An application for this school is not accepted from personnel currently assigned sea or foreign duty. The naval personnel interested in this school who are now afloat, must wait until they receive a shore duty assignment before requesting school assignment.

The personnel from seagoing duty are assigned shore duty with a Naval District. When reporting for such duty, they become eligible for assignment to the MP School. Each Naval District will have current directives outlining the procedure to follow in preparing a request or submitting an application for the school.

If any individual desires additional information, he should write to the Bureau of Naval Personnel, Arlington Annex, Washington 25, D. C.

The Shore Patrol activity within each Naval District is supervised by the Director of Discipline for the Commandant. It is suggested that all questions or problems on Military Police or Shore Patrol be presented to him. The operational control of shore patrol is assigned to the dominant naval activity in an area. The areas, within a Naval District, have been established by the Commandant. The Director of Discipline at the Headquarters of the Naval District will have information on the shore patrol in any area of that district.

The Air Police School

By Major P. A. Wilson, USAF
Director of Training

Editor's Note:—The Air Police School is a part of the Air Training Command, Scott, AFB, Illinois. The basic airman course is set up to train qualified airmen of the USAF to perform the duties of apprentice Air Police. The Officer Basic Course was established to train selected officers in the duties and responsibilities of Air Police Officers.

Tyndall, AFB, Florida:—In August 1950, less than two months after the outbreak of hostilities in Korea, a temporary Air Police School was activated at Tyndall Air Force Base, Florida, and presented with the mission of producing many many thousand Air Policemen in the few months remaining in that year.

This mission was accomplished and a permanent Air Police School was started at Tyndall on Jan. 8, 1951. An airman course (AFSC 96130), a refresher senior NCO course (AFSC 96170) and a refresher Air Provost Marshal course (SSN 91000), all of six weeks duration, went into operation with students from basic training centers and from major commands arriving for training.

The senior NCO school and the Air Provost Marshal course were discontinued in July of 1951, but the following September a twelve-week Officer Basic Course (SSN 91100) was started, and the basic airman course was increased to seven weeks.

After each Air Police trainee is indoctrined into his new career and has received his training in routine, emergency, and tactical Air Police duties, he starts the final phase of each course with a seven day bivouac maneuver. Here the officer and airman are formed into an Air Police Squadron with the mission of securing a forward airstrip and repelling sabotage and guerilla attacks in addition to all the normal Air Police duties incident to the security of any base in a combat area.

A rigid physical training program is in effect throughout the course for both airmen and officers students. The weapons phase embraces familiarization with and the firing of all weapons in the Air Police TO&E's as well as others that may be needed in the future.

The MILITARY POLICE JOURNAL is strictly non-partisan. We do wish to point out, however, that all states have not made it possible for you to vote an absentee ballot. It is your duty as a citizen to vote! See your TI&E Officer for information.

The 168th MP Bn has used a series of intriguing suggestions in its DB about MPA membership. They are out to give somebody a race for top honors. Cpl. H. E. Griffin of 2111-1 MP Co, Ft Holabird, was recently commended by PM Maj E. R. McClain for being No. 2, in MP Leadership School Class No. 9, and for outstanding performance.

The 2308-4 Co. (Ky) has attached a 9 man firing squad composed entirely of Korean War returnees in connection with repatriation of Korean War Dead. Recently, the entire squad donated a pint of blood apiece to help their buddies still in Korea. SFC Lannis P. Keller of Louisville, has been awarded the commendation ribbon for his rescue of an aged invalid from a burning building. SFC Keller, MP Investigator, was driving past the fire, and upon learning of the invalid's presence in the building, immediately entered the buliding and effected the rescue. SFC Keller has since received many fine letters of commendation from various friends and neighbors of the rescued man, thus bringing great credit to the service and the the Corps. The Co. has become a part of the Kentucky State Police Radio Net covering the entire state. The company, charged with the Apprehension Program in the state of Kentucky, operates a fixed central station and five mobile units. Thus, by relaying through the State Police Stations throughout the state, the company headquarters can contact it's investigating teams anywhere in the state in a matter of minutes. The system has become invaluable both in Apprehension Program and in control of Army Motor Vehicle Convoys traveling through Kentucky.

M Sgt W. E. Carfield has received his orders to active duty as 2Lt MPC. Lt Carfield will go to Army Chemical Center, Maryland, and should prove a welcome addition to the MP unit at that station. Lt. Carfield has had an outstanding record at Mil. Dis., having served in capacities of MP Investigator and Operations Sergeant. SFC C. Seidel, Sr., is to be commended for able assistance to Capt. R. W. Brickman in securing MPA memberships.

The 559th furnished an honor guard for Brigadier General I. H. Good, Deputy Commander, British Military Mission in Washington, and his staff on December 18th. Safety was the order of the day at the Boy Scout meeting here at Fort Monroe on December 14th. Major Dunstan, PM, addresed a fine group of scouters and friends on this very important topic. The Major stressed the importance of safety rules and habits while riding bicycles, demonstrated and showed the value of safety signals and signs, and safety practices were demonstrated to the group in handling of fire arms. The boys were so interested on the subject of safety that they "walked" their bikes home after finding out how dangerous is was to ride a bicycle after dark without lights. SFC Edward Willcut and Sgt. Charles Hall are enroute to the FEC after commendable service. Captain J. L. Welsh was presented with his "railroad tracks" by Mrs. Welsh, following his promotion on December 6th. Congratulations are also in order for Cpls. Hambrick and August, the most recent new pappas here. D. D. Brown is the Dec. addition to the Cpl section of the Co. roster. Cpl. Marvel Coffey, recently returned from the Criminal Investigations Course, TPMGS, has joined the MPI Section at Ft. Monroe.

It used to be M Sgt and Mrs. (M Sgt) D'Entremont, but Mrs. D'Entremont is now a civilian again, after serving with the WAC Detachment at AFF Headquarters. The "him" half of the top kick duo is the genial first sergeant of the 559th. Cpl. H. W. Stover was commended for the fine Chirstmas display he built for the Co. Mess Hall for the holiday season. His plywood reproduction of Santa Claus, his sleigh and reindeer, featuring Rudolph, the Red Nosed Reindeer, received praise from the many guests who visited the Company over the Christmas season. Christmas Day guests at the 559th Mess Hall included General and Mrs. Mark W. Clark, and son Major William Clark; Major General and Mrs. William S. Lawton; Major General and Mrs. Joseph P. Sullivan; Colonel Paul Goode, Fort Monroe Deputy Post Commander; and the Post Executive Officer, Lt Colonel Harvey Storm. The Company received a letter of commendation from Colonel Raymond Stone, former OCAFF Adjutant General, and now with the AG at the Pentagon.

FT LEE: Recent promotions in the 515th Military Police Company: M Sgt Elwood Simms, Cpl Evelyn E. Richardson, Pfc Don R. Armstrong, Winifred K. Bickerstaff, Lee W. Bowman, Duane C. Cash, Lawrence A. Chilcoat, Bill A. Copen, Jesse L. Colbert, John W. Crosby, Billy G. Criswell, Harry H. Doom, Donald F. Elms, Harry D. Freeman, Frank Gadberry, Carroll D. Gray, Charles L. Jones, Alex Louis, Jr., Jack R. Pannell, Rex. E. Partridge, John R. Perona, Alford R. Phillips, Billy J. Reeves, Jesse J. Robertson, Jr., Wylie G. Sappingson, Billy R. Smith, Earnest Spangler, Louis E. Stout, Jr., James A. Strait, James G. Sullivan, Jr., James W. Taylor, Elmer W. Thompson, Frank A. Toya, James L. Tunnell, Charles K. Turner, Fritz B. Volbach, James Waits, Donald H. White, Marvin Zale.

Benjamin Bailey has started practice for the 515th Military Police Company Basketball squad. With SFC Robert Brisentine, Jr., Sgt. James Gorman, Cpl. Robert Kester and Cpl. Pearlie Jennings from last year's team and twenty new men trying for places on the team, this year's team should be even better than last year's team which was runner-up for the Post championship. New uniforms featuring the MP colors of green and gold have recently been purchased for the squad and also for the Bowling Team.

PM Col. F. W. Reese, Ft Knox, points with pride to activities of MPs there who provide all of the accepted MP services, register the 10,000 private vehicles, and support special operations including those to the U.S. Bullion Depository (the gold vault) and also maintain the MPHP on U.S. Route 31-W, one of the most difficult roads in the U.S. on which to operate.

THE CORPS AND COMMUNITY RELATIONS

By Lt. Col. Richard E. Wade, Professor Military Science & Tactics
Gannon College, Erie, Pennsylvania.

From The Provost Marshal News Letter Second Army

NOTE: Our hats are off to the MP staff at Gannon College. Such outstanding success has been achieved that commendatory letters have reached Second Army Headquarters from College officials and from civilian sources in the City of Erie, Pennsylvania. The Commanding General, Second Army, has expressed to Lt. Colonel Richard E. Wade, MPC, PMS&T at Gannon College, his appreciation for the intelligent unremitting and effective manner in which he and his military representatives have participated in and contributed to daily life in Gannon College and in the civilian community of Erie, to the end that the Army of the United States is held in high regard and the Military Police Corps in particular is highly respected. (This is the first of a series of three articles prepared by Lt. Col. Wade on the above subject.)

Upon the activation of the MP-ROTC unit at Gannon College in Erie, Pennsylvania, it was evident that the attitude of veteran students and of many civilians was one of subdued animosity toward the Military Police Corps. Thereupon the Unit went all out to sell the Army and the Corps to the community in as many ways as possible. Before discussing possible ideas it should be stated that the MPC Unit is the only ORC Unit at Gannon, a college right in the city, where civilian contacts are close by. On a military post the MP Unit is but one of many, and, as far as numbers go, is one of the smallest. The Post or District PIO has many other units and features to think about so that Military Police cannot be "plugged" all the time. MP personnel can do a lot in an active way by suggestiong ideas to the PIO and taking part themselves in community projects and affairs. As far as MP Officers and men are concerned, one could say that from the very nature of their duties they are public relations personnel because they are in daily contact with the public. If they dress well, conduct themselves in a dignified manner and operate properly, they spread the good name of the Army throughout the community in a subtle way. Looking back over what has been accomplished by the staff at Gannon, it is apparent that all of us can take a more active part in community relations. Because we of the MPC are in daily contact with the public, we should be among the foremost to assist the Army in its public relations program. By so doing we are developing the prestige of the MPC. A recent Second Army Provost Marshal News Letter oriented Provost Marshals and alerted them to working with the PIO on MP cases as far as operating situations are concerned; stressing cooperation with PIO's and newspapers rather than adopting an attitude of suppression. We should continue community relationships designed to promote the MPC as time and location will allow. In general our plan must involve all kinds of community releases and activities including the press, radio, television, speaking engagements and active membership, where possible in community organizations. No matter how small a unit is, appoint someone to act as PIO and let him coordinate activities cooperating with the staff PIO. The timing of releases and participation in activities to fit appropriate occasions is important. In the case of the press, radio and television, timeliness makes it easier to obtain the desired releases or action.

From THE FORGE, VFAH paper

Driving a 75-year-old "Tally Ho" coach, Santa, alias M Sgt Sherman R. Koons, was impressive at the annual Christmas party at the Valley Forge Army Hospital, for children of military personnel. Known among his friends as "Pappy" Koons, the well-known MP, has played the jovial old Saint Nick for the past four years at the hospital.. A note signed "Grateful patient," requested that the FORGE publish a personal commendation on the courtesy and friendliness of one Pfc Robert Baker, Post MP. The paper went on to say: "Don't ask for a larger hat! Everybody at VFAH knows that its MPs in general are as courteous and as friendly as regulations permit. Lt. K. D. Snyder, Armor, asst PM. is being transferred.

Fort Knox 391st: Capt. R. J. Bashears recently returned from Frankfort is CO Co D. Sgt. S. Helmick and Cpl. A. Blanton, Co C MPHP apprehended two escapees within 40-min. of escape. Cpl. R. March and Pfc R. Harrell, Co C, apprehended an escaped prisoner within 9-min of report. 2Lt E. A. Hall, U of Cal. ROTC graduate has reported to Co C for a competitive tour. SFC J. H. Miller, PFC W. Benton, PFC H. Key and Pvt H. Crawford were commended in a letter recently for excellent job in connection with an Armistice Day parade in Louisville.

ARMOR TO THE RESCUE (from Ft Knox PM Bulletin) Military police are a part and parcel of every command. They participate as an integral part in Field, Amphibious and Airborne operations.

A wise soldier knows that his business is a tricky and complicated one; he is aware that everything he must learn cannot be acquired in a classroom or from a field manual alone. So, in the spirit of that thought, we here at the Armored Center should profit by our exposure to Armor. Who knows? One day in the future any one of our M.P.'s riding a traffic patrol at Fort Knox may have to provide support and assistance to an Armored unit in combat.

Training Memorandum No. 9, Hq 2d Army, dated 5 Dec 51, described a system for "Use of Tanks for Recovery of Wounded" which is worth remembering and which may at some future time be put to good use. The following is extracted from that memorandum:

1. A system has been devised by forces in Korea for recovering wounded personnel who are in an area exposed to fire. A tank is moved toward the individual in such a manner that the tracks will straddle him. The escape hatch is then opened and the individual lifted into the tank.

2. While the above system is very effective, it must be thoroughly explained and disseminated to all troops who might have occasion to participate. In one instance, a wounded individual, seeing the tank approach and fearing he would be overrun, crawled away and exposed himself to more enemy fire which finally killed him.

New Projects of Interest to Field Assigned to the MPB

Members of the Corps are invited to write to or visit Board

The monthly progress report of the Military Police Board, for December, lists a number of new projects of interest to the field. Research has been started by Training Publications Section on three new bulletins. Project No. 129 calls for a Technical Bulletin on "Office Procedures—CI Detachments" and No. 130 for a TB on "Testing and Evaluating Military Police Performance." Project No. 131 for a TB on "War Dog Capabilities." Project No. 132 calls for a staff study, (Recommendations for New Equipment) on the Graflarger, by the Test and Experimental Section. Two staff studies (Projects Nos. 133-134) have been directed for the Visual Aids Section. One on "Training Film Program for FY 53-54" and the other on "Review of Existing Training Films and Film Strips."

Letters have been sent to about 125 agencies in a field survey in connection with Project No. 128 "Use of Helicopters and Light Planes by MP Units." So far replies indicate that good results may be expected. Anyone having data on this subject is invited to write to the MPB.

FM 19-15 "Civil Disturbances," and the "Operational Planning Checklist" have been delayed because of other work. FM 19-30 "Military and Industrial Security," went forward in December (to OPMG) as planned, as did TB, "Disposition of Property in Custody of or Possession of Military Police." A report on a study made of TF 19-1740 "Guarding Against Sabotage," was also forwarded in December. There were twenty-five official visitors to the MPB during December.

Your Other MOS

Military Police Public Relations is the sum total of the attitudes, impressions, and opinions of the Public, The Press, The Troops, Civil Police and all other persons with whom members of the Military Police Corps come in contact.

Every person wearing the crossed pistols must be a salesman. His merchandise is service and good will. It is not affected by inflation or scarcity of materials. It is always in demand and it pays big dividends.

Remember, the way you look, the way you act, and the kind of service you give, builds good Military Police Public Relations.

We urge each member to enroll one friend of the Corps in the MPA. Let's double our membership. Your friend will appreciate hearing about the MPA and the MP Journal.

Here is the financial statement we promised. It is the first. During this period we published THE MILITARY POLICE JOURNAL for a total distribution of almost 5,000. This included 100 members in August, 262 in September, 1,050 in October, 1790 in November, and 1667 at press time for December issue in mid-November. Additional copies were distributed to 997 potential members and units last November. On the basis of one-twelfth of your two dollars; for each month's expense we earmarked $808.25 for the period. Actual expenses, because of the lower cost of the earlier less pretentious issues of the journal were only $649.84. A further saving was started with the January issue by applying for a second-class license. Addressograph plates were secured, and the plates cut (as this was written) to effect further economies. The next statement will also show certain overhead costs actually paid after the books were closed for 1951.

Uncle Santa Claus was very kind to MPB enlisted personnel at Christmas time, especially with regard to promotion and leave. Cpl's Gerald B. Stinson, Draftsman, and Willie J. Wiggins (one of the Board Airmen), Clerk, were promoted to Sergeant and Pvt's Jason Goodyke, Supply NCO, and Alfred M. Nelli, Draftsman, were promoted to Private First Class. In fact, the promotions came through just in time for the MPB Christmas party where Col. Ralph J. Schuetz, Board President, personally presented the promotion orders to the men. In addition, several of the men were authorized holiday leaves: PFC Frederick K. Musser, Photographer, to California; PFC Orville G. McDaniel, Clerk, to Texas; and PFC Nelli to Chicago.

Hq Co It is now Cpl Amos Huffman and PFC Harold Dove and Donald Saunders. The BLOTTER for Dec also had a well written history of the 504th which had a splendid record in WW II.

First Loss From Official Family

The Corps and the MPA lost a loyal dependable officer on 31 Dec when Maj Eugene K. Marx died at the Cp Gordon hospital. A member of OA 4, Marx was on the Executive Council and was an assistant secretary-treasurer of the association. Born in Antigo, Wis., in 1909, he enlisted in the Army after a period at Ripon College. He served in Hawaii '31-'36 and was made a First Sgt. while at Ft Adams '36-'40. He was transferred to Panama in 1940 and in Nov '42 rec'd his ORC commission as a 2lt. After a refresher course at Ft Custer he joined the 705th MP Bn, serving as Bn S3, in Maine, and England and as Bn ExO in France. Returning to the States in Dec '45 he was for a time S3 of a Prov MP Regt., PM in Pittsburgh and on ORC duty, all in Pennsylvania until he came to Cp Gordon for OA 4. His most recent assignment was in the S3 Sec TPMGC. He is survived by his wife and four sons. Burial was in Arlington. Eighteen from OPMG attended the funeral and members of OA 4 sent flowers.

MPA Holds Quarterly Meeting

At the regular meeting (delayed from December) LtC A. C. Johansson was elected Chairman of the Executive Council. BMC Victor A. Sooy, Master at Arms of the Coast Guard Detachment and Corporal William H. Cockey, Co C, 504th MP Bn., were elected members of the Executive Council to fill vacancies caused by the death of Major E. K. Marx and the transfer of LtC E. R. Cooley to Alaska. Maj S. J. McCune, was elected to fill the vacancy as an assistant secretary-treasurer. Captain N. L. Engard was elected Circulation Manager of THE MILITARY POLICE JOURNAL a position he has filled for the past two months. Maj O. C. Trower, OA 4, who is now attending the MG Course was a guest at the meeting.

Following his address to the (graduating) Military Government Class No. 5, at TPMGS, Maj Gen E. E. Hume was presented with a scroll naming him as the first honor graduate of the MG course at TPMGS. The general, most decorated medical officer, took time from his Christmas leave to perform his last official act and to receive his latest citation. "Military government," he said, "is something a commander cannot get along without. If he doesn't have a trained force, then he must do it himself—and whenever the commander has attempted to do it himself, the results have not been too successful."

Military Police Replacement Training Center

On 4 Dec, Co "E", Capt M. G. Looney, CO, completed firing the M-1 rifle. The entire company did exceptionally well. Private E. Waldron fired high score in the company with a firing record of 464 of a possible 530 points. Privates A. Miszewski and G. J. King jr were rated second and third respectively. At the completion of the present training cycle the above named EM will be presented with appropriate trophies for their efforts. Pfc Andrew (Joe) McKnight, former Co "E" cadreman, is now serving in Korea with the 7th Cavalry Regiment, 1st US Cavalry Division, APO 201, c/o PM San Francisco.

Co "E" regrets the loss in the near future of a number of Cadremen who are being transferred and wishes them success in their new assignments. Corporals D. D. Ray and J. B. Petersman are leaving soon for duty in Paris, France. In Jan Pfc F. E. deBray III and Pvt W. McConnell started training at the Artillery OCS, Fort Sill, and Pvt John A. Purvinis at the Ordinance OCS, Aberdeen Proving Grounds. Two Cadremen received promotions recently in C o"E": They were B. McGinty, Jr. and E. D. Garbutt.

Military Police Replacement Training Center

On 4 Dec '51, Company "E", completed firing the M-1 Rifle.

An outstanding feature that attracts the eye of many in the company area is the large portrait of a war painted Indian which adorns the bulletin board. The Indian is the newly adopted symbol for Company "E". 2nd Lt. Fred F. Meyer has recently been assigned to this organization. Sgt. Willis Malone Jr. has reenlisted for 6 years to fill his own vacancy with this organization. Many letters have been received from former members of this organization who are now serving in the Far East Command. Pvt. Gerald C. Schackmuth is stationed on the island of Kojo-Do, fifty miles south of Pusan. He is working with the Security Section of the 552th MP Escort Guard, guarding prisoners. Pvt. Melvin C. Yerxa writes that he is stationed in Pusan with the 772nd MP Battalion. Privates Riffle, Reges, McBurnneb, Olguay, and McMurray also are assigned to this Battalion. They are transporting supplies from Pusan to the front. Pfc. John G. Roorda is now with the 212th MP Company south of Wha Chon. He is in charge of the administrative and counseling work for USAFI. Privates Zellmer, Triplett, Wyluckie, Williams, Tucker, Turpin, Reese, Smith, Lagowski; James, Sheber, and Schutz are assigned to this organization. Their work consists mainly of work on the MSR and the handling of prisoners. Privates Schaffer, Dunn, Wood, Trull, Polzien, Sager, and Searles are attached to this organization but stationed at Corp Headquarters near Chunchon.

"The captain was glad to see us as we had been trained at Camp Gordon and he had been trying to train his own MPs." In these words Private Sheber tells us of the importance of the training he received in Camp Gordon and the need of trained MPs in Korea. Privates Klumb, Fenton, and Reese, are stationed at Camp Drake, Japan. Others of whom we know are Privates Herrick, Hillmer, Corp, and Leo with the 25th Division MP Company and Private Chalifoux with the 24th Division MP Compan. We appreciate hearing from our former members of this organization and wish to take this opportunity to wish all of them a safe Happy New Year.

Co D: The Archway to success for an MP, as shown in the December issue of the MP Journal, has become a reality at D Co, a large wooden arch, painted green and lettered and trimmed in yellow, has been erected around the orderly room door. Pvt Alex Sarkis, a commercial artist in civilian life has painted in each D Co mess hall large replica of all non-com and officer insignias. Sarkis painted the arch mentioned above. The mail slot where Dog Troopers mail their letters has taken on new life. A gigantic bulldog head has been painted on the side of the mail room and the slot is in his mouth. A captain says "Feed Me Mail." D Co has lost 3 officers recently and has also gained others. Lt Henry Wiggins recently departed for FECOM; Lt Edward Nunamaker left for EUCOM; and Lt Pete Vano was transferred to the 3441st ASU at Camp Gordon. Lt Jack Gould was assigned as were graduates of the Special PMGS ACO course for ROTC officers Lt's Charles Mead, D. C. Holliday and Lt E. B. Mann. Lt Hiawatha Smith came to us from the 82nd Abn MP's by way of OCS at Ft Riley. Lt Smith was a non-com under 1st Sgt Lopez of the 82nd Abn MP's. Sgt Lopez formerly served under D Co CO, Capt James D. Manning.

Lt James C Lester is now with the Dog soldiers, and he is not a new comer as far as service under Capt Manning is concerned. Lt Lester was a Platoon Sgt in the 24th MP's in Korea while Capt Manning was Asst Div PM. He later received a battlefield commission. SFC William Shuman and Sgt Edwin Fuller, both group leaders in D Co, have entered the Leadership Course of the MP RTC. They will be away approximately 2 months, and the outfit will be hard pressed for fill-ins while they are gone. D Co has been on the M 1 Range during the past 2 weeks, and competition is keen over possession of the big 1st, 2nd and 3rd place trophies which will be awarded to the high score men. The names of the winners will be announced later. During the range work mess has been served in the field every day at noon. Efficiently handling the mess have been Mess Steward SFC D. S. Brown and Sgt Clyde Smith. Sgt Brown is another veteran of the Korean Campaign now with the Bulldogs. SPECIAL ITEM: The latest D Co surprise will appear over the mess hall door. Watch for it!

United States Coast Guard

Lt Comdr E. D. Wellington was featured in a picture in the AUGUSTA CHROICLE recently as he presented a check for $100 to the Augusta Empty Stocking Fund on behalf of the USCG Det. S. F. Gray, CTOP, Los Angeles writes as follows to CO USCG Det, TPMGC, LCDR E. P. O'Hara: "The writer has seen and heard many fine things about the CG Det and TPMGS and has taken full advantage of the facilities and training offered by the school. One of the most practical things that has been shown me is the 5x8" card with General Rules for Radio Use (Annex 1, 2102) reproduced by PMGC Reproductions. It is clear that such cards in COTP vehicles would facilitate the proper use of radiotelephone equipment. . . .The work of your detachment and that of the officers and men of TPMGS has contributed a great deal to the efficient and effective operation of this command. Your efforts on behalf of and your courtesy to officers and men of this command who have and are attending the school is sincerely appreciated."

Two honor graduates during the past few weeks have brought credit to the COAST GUARD and our sincere congratulations are extended to them both. Lt. D. R. Rondesvedt, USCG was honor man in ACO-16 which graduated 6 Dec. He stood first in a class of 89, composed of ARMY and COAST GUARD Officers. Seaman R. S. Adams, USCG was was high man in MP RTC Leadership Co Class 14, which graduated 8 Dec. More recently, Seaman J. A. Papernik was third in the final standings of Leadership Co, Class 15, being the tenth Coast Guardsmen to successfully complete the Leadership course. A "well done" to all of the above. Seaman Sanford Duncan, USCG, who recently completed the ten-week CI Course, TPMGS, has been transferred to the 3rd Coast Guard District, New York, N. Y. for assignment to duty. Seaman William C. Moulton, USCG, who also completed CI training has been transferred to the 11th Coast Guard District, Long Beach, Calif.

The MPs traffic problems are increased because the infantry travels six times faster than the division of 20-years ago. Mechanization has stepped up "the rate of march"—including travel in modern vehicles—to 15-miles an hr., according to PATHFINDER.

We do not have any data on who replaced Lt. Col. H. S. Daugherty, PM, who had orders sometime ago for FEC. We have no members at XV Corps.

EXERCISE LONG HORN: Plans for the play of Exercise Long Horn at Fort Hood, and vicinity, during March and April 1952, are well under way at Hq. Fourth Army. Plans for the utilization and play of MP units are being developed by Col. E. O. Sandlin, PM; LtC. Herbert Van Zant, PM ExO; Major G. D. Godby, PM Operations Officer, and Maj. W. H. Secor, PM, 301st Log. Com. As a result of extensive utilization of military police units and personnel in the maneuver it is believed that much valuable military police field training will be derived. Of particular importance will be the active play of Military Government Units, on both sides.

EMPHASIS ON FIELD TRAINING: Field training by all military police units in the Fourth Army Area has been stressed, with the expectation of having all units brought to maximum combat effectiveness in the near future. Considerable difficulty has been encountered by units who have a P. C. & S. mission in completing the necessary field training peculiar to their type of unit, but this difficulty has been surmounted in most cases by training of the unit in increments.

H. T. Buchanan, LtC., MPC, USAR, Safety Director, Fourth Army, recently received a certificate from the D-D in recognition of the Fourth Army's outstanding safety record among the continental armies. In spite of the approximate 5,000,000 miles traveled each month by Fourth Army vehicles, a recent survey showed the percentage of accidents was lowest in the Fourth Army Area of all six Continental Armies in the United States.

The Industrial Security Subsection has received valuable support from the Extension Division, Texas A & M College in the conduct of training programs for guards at privately owned and operated industrial facilities. A three weeks course was recently conducted under their supervision at Port Neches, Texas. Five manufacturing facilities cooperated by furnishing instructors, and making all security personnel available for the course. A similar course is scheduled to be held in Houston, Texas, during Jan. 1952, under the auspices of the Houston Light and Power Company, Hughes Tool Company and Texas A & M College.

The 79th CID assures everybody that they will maintain their 100% membership in the MPA. They took a dim view of being omited from the list of 100% units in January and we apologize. The 79th has been authorized an "ME" TO&E and expect to give the 38th (Fourth Army) a run for its money now that the authorization has been equalized. Capt Perone take notice! The 79th is asking what's the matter the rest of Fifth Army. "It's wonderful," they say, "to see the tremendous spirit behind the MPA and the Journal which is reflected from the pages of the latter. It won't be long before the British Royal MP Association will be left far behind in enrollment." We hoped people would read that. Look on page 1 for the latest figures, even those are behind actual enrollments as received in Augusta. LtC J. P. Powhida (AA11 and former Chief, General Subjects Dept, TPMGS is now at Ft Leonard Wood.

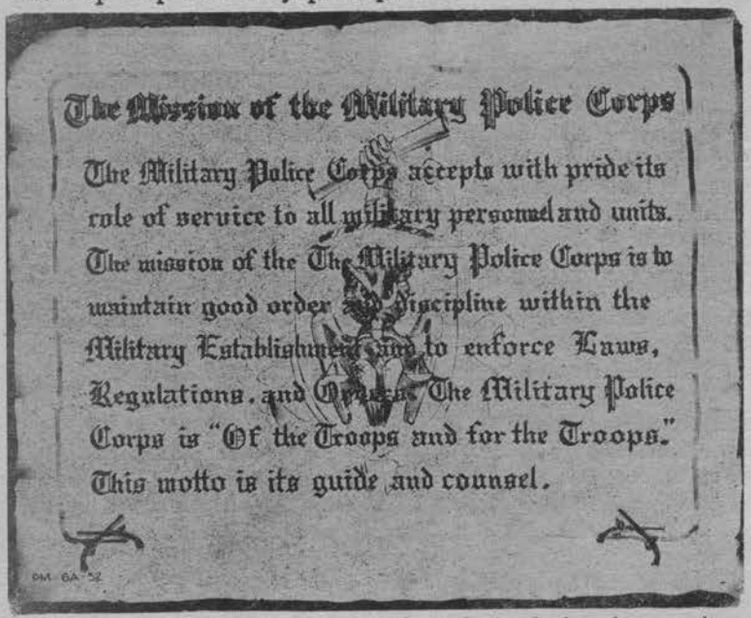

LtC Richard W. Johnson, MPC-USAR, Caldwell, Kansas, is now the PM, 89th Infantry Division.

What Ideas have you or your outfit developed that help emphasize key principles?

Col. Driskell, PM Sixth Army who submitted the above writes: "I recall that during the war we had throughout the Battalion and Divisions Areas in placard form on the mess hall walls certain basic principals of combat. Developing this thought further, it is believed that only by continuous training and study, together with constructive critiques, that any Military Police Unit can be kept alert, active and energetic. The personnel of a unit or in the Office of a Provost Marshal need to have something continuously before them to remind them of their duty and obligation. Hence the inclosed statement of the Mission of the Military Police Corps. We freely admit that this paper can be improved. Any suggestions will be most appreciated."

Maj McCallum, Chief CI, and LtC J. C. Bucher, Chief of MP Div. Hq Sixth Army have been selected to attend the short course at C&GSC.

Letters to COLLIER'S

". . . I See Them Kiss and Cry is a most moving article. Sgt. Stringfellow is obviously an observant human with a large heart. Also a bouquet to P. B. Lowney who helped do the spadework." W. M. Sontheimer, San Jose.

". . . Many, many thanks to you, COLLIERS, and especially Sgt. Donald Stringfellow. I must congratulate him on having a heart and showing that he has one. My fiance' is in the Marine Corps and I have seen him off many times — and I have never yet met a softhearted MP. Thank God that there is one alive — and in the right place too. "Marjorie Malatesa, Ridgewood, N. J.

". . . I See Them Kiss and Cry really had me crying. The most touching article I've ever read. No fiction will ever top this!" Mrs. H. L. Quinn, Monterey, Cal.

Thirty students of the Adult Blind School answered the invitation to a Christmas Day party hosted by the 701st MP Bn. The students partook of the traditional Christmas Dinner with all the trimmings. They were then entertained by members of the Bn. After a descriptive tour of the Presidio and of Fort Barry, the training area of the Bn, they were returned to their school, each bearing a gift. It seemed that their hearts were warmed as much by the consideration of the men as by the generosity of the gifts. The party was under the direction of LtC Slob, CO, Maj R. M. Henry, Bn ExO, and Maj P. L. Rice, Bn S3. Capt R. D. LeVan, B Co CO, showed great talent as M. C. and chief entertainer.

The Sixth Army Military Police School located at the Presidio of San Francisco, California was discontinued as of 22 December 1951. On that date the last class of 70 students from various military police units in the Sixth Army area graduated and were awarded certificates for successful completion of the 5 weeks course in Military Police subjects. Lt. Col Watts, Sixth Army PM Section gave the graudation address and Major Pete L. Rice, representing DPC awarded the certificates of graduation.

Company "D" of the 701st Military Police Battalion stationed at the Presidio of San Francisco, California assumed Company "A's" camp and station duties on the 26th of December 1951 at the Presidio while "A" Company went over to Fort Barry for their advanced combat skills training, ATP-19-300. Training began on 7 January 1952.

Sixth Army Holds ORC Conference

On 6, 7 and 8 December 1951 a conference was held by Headquarters Sixth Army with Senior officers of Military Districts and unit instructors of reserve units for the purpose of discussing and planning the activities of the ORC during 1952. One of the principal subpects of discussion was arrangements and details for the fourteen day summer camp.

On 8 December 1951 the Provost Marshal, Sixth Army, met with the officers listed below to make their acquaintance and discuss mutual problems relative to the reserve program. At this meeting it was emphasized that the training and instruction of the reserve units during the armory drills must build up to a successful summer training period which culminates in military problems and exercises.

To the officers responsible for the training and instruction of Military Police and Military Government Units, the desire of the Provost Marshal General in improving the caliber of individuals assigned to these units was stressed.

The combined rosters of the CI Laboratory, and the PMG Central CI Report Repository shows the addition of five new men. They are WOJG Jeter E. Dollahite and Sgt. Albert W. Luepnitz, who have been stationed in Germany, Sgt. William B. Fleish, a returnee from Korea, Sgt. Richard C. Haberkorn, a transfer from the 402 Military Government Company, all of whom will be on the Repository staff, and Pvt. Allen E. Wilimovsky, who in civilian life worked at the Wisconsin State Crime Laboratory as a firearms technician, has been assigned to the Firearms Indentification Section at the laboratory. Both PFC Cornelius Ough and Pvt. Wilimovsky were married at Christmas time and used the remainder of their leave as a honeymoon. CWO Herrick Higson,, Acting Deputy Chief of the Repository and Acting Commanding Officer of the 1st CID, in the absence of CWO Walter H. Knox, who is now in the Station Hospital, has recently been promoted from WOJG. Four men also were promoted from Pvt-2 to PFC. They are James H. Carter, firearms trainee, Leophas Ford, chemist trainee, Walter L. Johnson, photographic trainee, and Kenneth F. Seil, also a photographic trainee. The remaining components of the Spectograph have arrived at the laboratory and we hope to have the apparatus in operation by the end of February. This new device, used in conjunction with the X-Ray Diffraction Unit and various chemical tests, will enable our chemists to make a more complete analysis than before.

709th MPs Top EUCOM School

Three Graduated with Honors, Nine Rate Superior

Frankfurt Chronicle

The 709th Military Police Battalion believes it has set a record at the European Command Intelligence and Military Police School at Oberammergau, Germany recently.

Twenty-one Enlisted Men of the Battalion graduated from Military Police Course No. 45 on the 28th of November 1951, with more than their share of honors. From a class composed of over 175 Enlisted Men from the various Military and Air Police Units of the European Cmmand, three Enlisted Men from the Battalion were graduated as honor students, nine others with superior ratings and six with excellent ratings. Also during the month of November, one man from the Battalion was graduated as the honor student from the Desk Sergeants course of the Military Police School.

The Honor graduates from the school were Pfc James H. Webbster, Co A, Pfc James A. Blinzler, Co A, and Pvt Richard A. Lowey, Co D. Cpl Chester Grubb of Co A was the honor graduate of the Desk Sergeant's Course. The following Enlisted Men were graduated with a Superior Rating: Pfc Roger V. Belanger, Pfc John Garansi, and Pfc Ben W. Gavins of Co B, Pfc Robert D. Bird, and Pfc Jordan B. Bergel, of Co D, Pfc Robert A. Williams, Pvt William Wilson, and Pfc James J. Richardson, Jr., of Co C and Pfc John D. Templeton of Co A.

The following students were graduated with an Excellent Rating, Pfc Donald J. Griffin, Pfc Leonard Tanditash, of Company T, Pfc Kenneth W. Klemme of Co B, Pvt William H. Edmonds of Co C, and Pfc Joseph P. Nocitra, Pfc Joseph F. Mulderig of Co D.

Fifty percent of the Enlisted Personnel of the 709th MP Bn have successfully completed the Military Police School and the Battalion is attempting to send as many personnel as possible to each course offered by the school to insure the military and civilan personnel of Frankfurt Military Post the bet trained and informed Military Police available.

Maj C. R. Meltsen left Bremerhaven in Jan. He will be assigned to the MPB. Maj Fred Hall left for PM Sec VFGH. Capt C. A. Anderson will be returned to Cp Gordon. Capt P. E. Bratton onetime judo instructor is also slated for Cp Gordon. and Capt J. R. Moses for MDW. LtC H. G. Goetz will take over command of the 382d. Two companies of the 382d are 100% on Soldier's Deposits, and the Bn was high on the post bond drive. M Sgt Kerr goes from 382d to Cp McCoy.

Col. Edelen, PM of Frankfurt Military Post writes: "This will make a 100% officer membership for those under Frankfurt Military Post. All of my officers are enthusiastic over joining the association and I am sure that our enlisted personnel will feel the same way. We intend to strive for a 100% enlisted participation during the next two months. You may expect to begin receiving news contributions from us in the near future as the machinery has been set up here for gathering newsworthy items."

Orders of various dates for stateside assignments: LtC F. C. Smith, PMGC; Capt J. F. Lucas, PMGC; Capt P. W. Magee, Ft Jay; Capt E. J. Martin, Presidio of S.F: Capt J. F. McNulty, PMGC; Capt C. A. MPs Still Have Horses in Germany

Horse platoon shown in close support of foot troops. Men are equipped with extra long riot control clubs.

Sometime ago we read that the U.S. Army was no longer mounted. It was in connection with an announcement that the pack artillery had stopped riding their mules in order to better control the pack animals. But the 759th MP Bn, commanded by LtC Leo Gilbert, has a horse platoon. This includes 30 men and 36 horses. The horses are shod with rope shoes to keep them from slipping on the streets. Normally 26 mounted men operate with this battalion. They are employed in riot formations to protect the flanks, to cover open ground, to cover interval between units as part of the line and as a reserve. Special squads are trained in each company to dash forward of the line of troops and capture leaders on the edge of a crowd. These squads then can either wait until the line advances to them or withdraw to the line with their prisoner (s).

LATE NEWS — FEC

Something New Added In Korea — MPs on Horseback

WITH THE EIGHTH U. S. ARMY IN KOREA—"The Provost must have a horse allowed him and some soldiers to attend him and all the rest commanded to obey and assist, or else the service will suffer; for he is but one man and must correct many and therefore he cannot be beloved. And he must be riding from one garrison to another to see the soldiers do not outrage nor scath the country."

In accordance with the above directive issued by Charles I of England in 1620, Maj. Hazen E. McDonald, Seattle, Wash., became the first mounted provost marshal in the Far East recently when he equipped himself and his staff with horses to control traffic in the congested metropolitan district of the Taegu Military Command. Capt. R. A. O'Brien and SFC F. J. Shunk, arranged with the mounted traffic section of the 101st Republic of Korea Military Police Battalion to borrow a limited number of horses for the use of the 59th MP Co. Commanded by Capt. Ed J. Feeley, Jr., the 59th currently is waging a campaign to reduce traffic casualties and black market activities in the Taegu area.

The Legion of Merit has been awarded to LtC H. F. Dame and LtC R. A. Tolve.

Your letters get attention!

Most unusual and appreciated. That was the sentiment around Hq recently when Lt K. K. Marshall of the 728th sent in a letter of appreciation to Col. Howard about the Officer Refresher Course. Lt. Marshall was out of the service from July 1946 until Feb. 1951 and sent in one of the few letters which officers now and then send in to say that they found the refresher course (or some other course) a big help.

Marshall is now in an isolated platoon of 35 men in Changhowon-ni. In their job of road patrolling and confiscation of Government property they found it necessary to use the M-8 Armored Reconn Car. He recommended some additional training with this car and its armament, which is being given serious consideration by the Commandant. Letters, as we have said before are always appreciated from men in the field and it is hoped that now that we have a publication even more people will write in, as Lt. Marshall has done, giving all the benefit of their pracitical experience. Address individuals if you wish, but if you prefer just address the editor.

Editor of RMP Journal Reports

By Major A. V. Lovell-Knight

Warburg Barracks, Aldershot, England;—We were happy to receive the MP Journal for November. We are pleased to exchange copies with you. I am very interested in yours, especially having served along side your fellows. I knew quite a few and it is interesting to see their names again. I would very much like to get in touch with two great friends of mine; Dochoughty and Sgt De Venny, both of whom I knew in Kandy, Ceylon, with S.E.A.C. H.Q.

You of course have our agreement to reproduce any material from our journal and we thank you for permission to do the same. Anything we can do on a reciprocation basis you may take for granted. I think you will find our next issue (published 18 Dec '51) particularly interesting as it contains an excellent article on the International Patrol, Vienna, and deals with co-operation between our two Corps and the Russians. It is excellently illustrated by your Army photographic unit. In my editorial I have also mentioned your school's birthday on 12 January.

I would be very grateful for any articles you can let me have on your organization—it helps to give our men a better understanding and appreciation of your Corps and helps to improve co-operation when we are working together and helps to maintain the very good relations between us.

I am holding an appointment in our own Corps Depot and Training School and am in the centre of Corps affairs, so if there is anything you want to know about us, do please let me know—if I cannot produce the answer myself, I can get the appropriate expert to write it up for you (We've asked for something—look for it later—editor). Below is an excerpt from editor Lovell-Knight's book (published earlier than the one we reviewed in January) "THE HISTORY OF THE OFFICE OF THE PROVOST MARSHAL AND THE CORPS OF THE MILITARY POLICE."

"The first mention of a Provost Marshal serving in America is found in 'Articles, Lawes, and Orders, Devine, Politique, and Martiall for the Colony in Virginia. . .Againe Exemplified and enlarged by Sir Thomas Dale Knight, Marshall and Deputie Gouernour, the 22.of June 16611.'

"There are clauses for the Porovost's protection:—

" 'He that shall abuse and injure the Sergeant Major the Provost Marshal, either by word or deed , if he be a captain he shall be cashered, if a soldier he shall pass the pikes: no soldier shall withstand or hinder the Provost Marshal or his men in the execution of his office upon pain of death.'

"Offenders were to be kept in the custody of the Provost Marshal whilst awaiting trial by. Court Martial, and he put into execution the punishments awareded.

"Amongst the punishments provided were condemnation to the galleys (in which the Virginian code is believed to be unique in English Military Law), and the relegation of junior officers who offended to 'doe the duty of a Centinell'—the latter being the penalty laid down for a delinquent officer who allowed persons to pass out of barracks in order to fight a duel."

MPA Book and Subscription Dept.

Copies of the Unofficial Roster, REGULAR OFFICERS, Military Police Corps, listing officers by permanent and temporary rank are available postpaid for fifty (.50) cents.

Copies of the "HISTORY OF THE CORPS OF ROYAL MILITARY POLICE," a well documented book reviewed in the January issue, which goes back to 1511 are available through the MPA for $3.00 postage prepaid. Arrangements have been made to secure copies from the English publisher at a profit to the association. Checks should be made to the treasurer, MPA, P. O. Box 2078, Hill Station, Augusta, Georgia; indicating what you wish to order.

Copies of the ROYAL MILITARY POLICE JOURNAL, issued quarterly consisting of about 50 pages, on slick stock with cover, well illustrated, may be subscribed for through MPA. Annual subscriptions are 8s 10d which includes postage ($1.70). The fourth quarter, 1951 issue went to press 18 December. It features the International Patrol in Vienna, and mentions 10th anniversary of TPMGS.

See the Advertisement of The Provost Marshal General's School Book Department in this issue. They are prepaid to furnish or procure for you books of interest and generally at a saving.

News From Canada

The Royal Canadian Provost Corps School is the counterpart of TPMGS in Canada. Located at Cp Borden, 70-miles N of Tortonto, it is on the same reservation with the Canadian Armored, Infantry and Service of Supply schools. Major B. W. E. Lee, is comdt of the RCPCS and the liaison officer for his school with TPMGS. Maj. Lee and his senior instructor have visited Cp Gordon and LtC A. T. Leland, TPMGS liaison officer has returned the courtesy. Provost Corps activities in Canada are under the direction of the Army PM, LtC J. Stewart who has also visited at Gordon. Canadian officers and other ranks frequently members of TPMGS classes and several are at Cp Gordon now.

We do not have the name of the Provost Marshal, XVI Corps although we have at least two members from that Hqs. LtC H. L. Moore is provost marshal of the JCL and Col. W. L. Shankle is provost marshal of 2nd LogCom.

55th MP Co Lt. W. F. Huxley sent along a letter to Capt. J. C. Gunn with 68 applications. 55th has been in Seoul since June, moving there from Teagu. They are assisted by 6 members of the 6154th AP Sqd, the 11th ROKA MP Co. and on some occasions by Metropolitan police of Seoul. They state that it is a very effective patrol method and is a good example of cooperation among the services and the civil authorities. Cpl. T. A. Capelli, 55th MP Co. has been awarded the Soldier's Medal for saving the life of a boy during a fire near Seoul.

Capt. Carey is in Seoul in PM Sec of 3rd Trans Military RR Service. Bruce Tewmey is with 58th MP Co. Maj. Scott, Capts. Ewing, Glass and McClun have now been in Korea more than a year.

728 MP Bn.—On 29 Nov. 1951, Col. Cadwell, EUSAK PM, visited the Bn. Hq., inspected Hqs. Co., Co. "A" and conferred with S3 on operational procedures. He stated that he was very interested in the type of personnel assigned to the MP and requested that immediate steps be taken to reclassify and report to higher hqs those unsuitable for, and unadaptable to MP duties. Lt. A. E. Wood is commanding.

The mission of the battalion is to provide adequate security of critical bridges; road reconnaissance; traffic control; straggler control; refugee control; patrol roads in the area of responsibility; operate necessary TCP's; information centers; and police all towns cities and villages within the area of responsibility; which includes enforcement of laws and regulations, maintenance of order and discipline, collection and disposition of stragglers, control of civilians, enforcement of security measures among military and civilian personnel, protection of property, investigating of crime, enforcement of "Off Limits" regulations, enforcement of regulations prohibiting the possession, use or sale of harmful drugs and suppressing establishments engaged in such traffic. No guerrilla activity was reported in the battalion area during the past month.

Of 50 enlisted replacements received on 28 Nov. 1951, who had originally been reported as school trained MPs, only one (1) had attended the Military Police School, and seven (7) had taken eight weeks training at the MPRTC. The remainder had no training, and limited experience averaging about three month with another MP Bn. in Korea. About 40 per cent of the replacements do not meet the minimum requirements as outlined in SR 615-25-20, for duty in the MPC,

Hunting was popular and served as the primary type of outdoor recreation, with the onset of colder and wetter weather. Several shotguns (sporting type) and a limited amount of ammunition was obtained through supply channels for this purpose, and in turn they were issued to the companies. Other outdoor activities were at a minimum during the month, but excellent dayrooms where books, magazines, writing materials, indoor games, etc. were available, serving to keep the men occupied during off-duty hours. Regular issues of "Stars & Stripes" and other reading materials were received through FEC Special Services in adequate amounts. Beer and soft drink rations were obtained about every two weeks in fairly adequate amounts.

The 10th MP Co. 3rd ROKA MP Bn., commanded by Captain Kim Ik Soo, remains attached to this organization for operational control. Combined activities road patrol, traffic control points, refugee control points and police functions were aided by the assistance of the Korean Military Policemen.

SIXTH ARMY (Continued From Page 10)

As of 18 Jan. Arizona 4, California 565, Idaho 0, Montana 1, Nevada 0, Oregon 2, Utah 25, Washington 43.

A. J. Maxham, MPA member, has been promoted to Brig. Gen. California National Guard, according to an article in the LONG BEACH PRESS TELEGRAM. The presentation ceremony was TV'd by KTLA. General Maxham recently wrote: "I am proud of my membership in your association and assure you that I am one of its boosters."

The two new members of the Executive Council, MPA, elected to represent the 5,000 members all over the world are Corporal William H. Cocky, Co. C, 504th MP Bn., (left) and Chief Victor A. Sooy (BMC), Master-At-Arms (First Sgt. to you landlubbers) of the U. S. Coast Guard Detachment, MPRTC. Majors Jubeck and Hicks leave next.

A new member is LtC Wm. H. Oesch, MP-USAR, who is at present a civilian employee in the comptroller section, Hq. Sixth Army.

Col. Driskell, PM, Sixth Army, write: "We are very interested in the Military Police Journal and have high hopes of leading the Army in membership. I see no reason why we should not with this large Area. Col Buell take notice—Ed.) However, I am a bit disappointed in the response thus far from the Reserve Units which are difficult to contact and sell through correspondence without having a copy of the paper and a personal visit to close the deal. We think that the Journal is improving with each issue and please be assured of our sincere cooperation in endeavoring to develop the Journal into a good publicatin."

Russell B. Tripp, LtC MPC Ret, Box 150 Capitola, Calif., member S-F TPMGS '44-'47 onetime editor of MP Training Bulletin and PIO sent Xmas greetings to the Comdt. Living on Monterey Bay across from Ft. Ord Col Tripp writes: "If any old-timers happen to be in San Francisco bay area I would appreciate the privilege of entertaining them. hone Santa Cruz 5529-J or SF Douglas 2-8970.

Col Ralph Wiltmuth, Rt. now in Phoenix, Ariz., sent in a photo of his latest big catch of fish at Acapulco, Mexico, along with news of himself and his family. They spend the summers in Seattle, with about 6-weeks cruising in Canada.

Another Letter Attracts Attention

All he did was try to say "thank you," but MP SFC Frank Pearce of San Francisco really hit the jackpot and once more proved how we are all ambassadors. He proved the value of the "good neighbor" policy on a personal level. It all started when Sgt. Pearce was flown home from Korea by the RCAF. He wrote a simple letter of appreciation for the fine treatment he rec'd to the Canadian Consul General in his hometown. His letter of praise for the air crew was forwarded to Brooke Claxton Canada's Minister of Defense, who wrote to Frank Pace, Secretary of the Army calling his attention to "a very unusual thing." Secretary Pace in turn wrote both Sgt. Pearce and Mr. Claxton. Sgt. Pearce was quoted later: "When the mere words 'thank you' can create the reaction in high quarters that mine did, then it is time that us fellows who are directly in contact with the soldier take stock of ourselves and find out where we have failed as leaders of these men in teaching them the vital necessity of courtesy and consideration in their contacts with the peoples of the nations in which they serve." This "bread and butter" note has become a part of the official files of two nations and it set an example of friendship which transcends geographical boundaries.

Officers who find their date of rank designation incorrect on the official MPC (EAD roster which is now being distributed through PMs of major commands and which is published in alphabetical form in THE MILITARY POLICE JOURNAL should write The Adjutant General, giving the correct information and requesting that his record be corrected.
