AMIM-LDW (608-1a1)

SUBJECT: Command Policy 11, Unattended Child/Youth Supervision and Curfew Policy

both the duty day (generally 0600-1800, Monday through Friday) and off-duty hours. A violation of this policy subjects military personnel to disciplinary action under the Uniform Code of Military Justice. Violations of the Missouri Statutes as assimilated by 18 USC Section 13 may result in criminal prosecution.

(1) The health, welfare, and safety of children/youth are a parental responsibility. Parents/guardians are expected to assess the physical and emotional capabilities of their children/youth and the potential risks or advantages to their children/youth in selecting the most appropriate supervision or care option.

(2) Sponsor parents/guardians are responsible for ensuring Family members comply with the provisions of this policy. The sponsor's chain of command is responsible for the sponsor and Family members assigned or attached to their command or agency.

(3) These policies are minimum standards, and parents or guardians should assess their children individually, and if necessary, raise the age limits.

(4) No child/youth will be left unattended either by absence or inattention of the parent, guardian, foster parent, caregiver, or "supervisor" under circumstances involving potential or actual risk to the child/youth's health and safety.

(5) A "supervisor" is any person 13 years of age or older who is in a supervisory childcare role and can adequately provide for a child/youth's welfare and safety in all circumstances deemed appropriate. A "supervisor" under the age of 18 must have immediate access to adult supervision in case of an emergency. Access is defined as the "supervisor" having the ability to-

- Contact a verifiable, prearranged, and responsible adult in the immediate housing area who would be able to respond to an emergency;
- Assure the sponsor knows the location of the children/youth; and
- Understand how to access emergency services through the 911 system.

A "supervisor" must be 15 years of age or older to be in a supervisory role of non-familial children/youth for overnight care. It is the responsibility of sponsors to assure that the "supervisor" of their children/youth has immediate access to adult supervision and that each "supervisor" can demonstrate individual responsibility for the number of children/youth under their supervision.

(6) Refer to the Age Matrix (enclosure 1) for minimum standards for use in making decisions involving safety and proper supervision of children.

AMIM-LDW (608-1a1)

SUBJECT: Command Policy 11, Unattended Child/Youth Supervision and Curfew Policy

(7) To increase parental choice options, the installation Child & Youth Services (CYS) Registration Office will provide information to parents about available on and off post supervised activities and care options (enclosure 2).

(8) The child/youth's age will take precedence over the child/youth's grade in school.

(9) In all cases, interpretation of this policy should be made in favor of the child/youth's safety.

b. Procedures. The procedures of this child and youth supervision policy were developed by a multidisciplinary team including CYS; the Family Advocacy Program, Army Community Service (ACS); the Provost Marshal's Office; the Staff Judge Advocate; command representatives; housing officials; and military Family members.

(1) Children newborn through 2 years of age require close supervision and will be under direct monitored care. The person supervising must be able to respond to any emergency or threatening situation. Periodic checks should be made on sleeping children. Children in this age group will not be left unattended at any time. A "supervisor" under the age of 18 may not exceed a 1:1 ratio of "supervisor" to child.

(2) Children 2-4 years of age require close supervision and will be under direct monitored care. The person supervising must be able to respond to any emergency or threatening situation. Periodic checks should be made on sleeping children. Children in this age group will not be left unattended at any time. A "supervisor" under the age of 16 may not exceed a 1:1 ratio of "supervisor" to child, and a "supervisor" between the ages of 16 and 18 may not exceed a 1:2 ratio of "supervisor" to children.

(3) Children 5-6 years of age may play outside unsupervised in an appropriately designated safe area but must be in visual sight or hearing distance and have immediate access to adult supervision. They may not be left in self-care or home alone at any time. A "supervisor" under the age of 18 may not exceed a 1:2 ratio of "supervisor" to children.

(4) Children 7-9 years of age may play outside unsupervised and can be allowed to explore their environment but must also be afforded protection. Therefore, they must have access to adult supervision, and the sponsor must know the location of the child. They may not be left in self-care or home alone at any time. A "supervisor" under the age of 18 may not exceed a 1:2 ratio of "supervisor" to children.

(5) Children/youth left alone in quarters.

(a) Children/youth 10-11 years of age may be unsupervised in self or monitored care with ready access to adult supervision for no more than 3 hours during the day or

SUBJECT: Command Policy 11, Unattended Child/Youth Supervision and Curfew Policy

evening. They may not be left in self-care or home alone on a regular basis during weekdays or out of school sessions (such as vacations, weekends, and holidays).

(b) Youth 12-14 years of age may be unsupervised in self or monitored care with ready access to adult supervision for no more than 6 hours during the day or evening. They may not be left in self-care or home alone on a regular basis during weekdays or out of school sessions (such as vacations, weekends, and holidays).

(c) Youth 15 years of age and older may be unsupervised in self-care during the day, evening, and overnight. They may not be left in self-care or home alone on a regular basis during weekdays or out of school sessions (such as vacations, weekends, and holidays).

(d) All children/youth unsupervised in quarters, regardless of age, must have access to a verifiable, prearranged, and responsible adult in the immediate housing area that would be able to respond to an emergency. All children must have the responsible adult's work and home phone numbers. Children who are not under direct supervision should know, at a minimum, what to do in case of emergency (such as injury, fire, assault, and parents not returning as expected) and understand how to access emergency services through the 911 system.

c. Special Provisions.

(1) Children who meet the criteria for the Exceptional Family Member Program, as defined by AR 608-75, may require special supervision. These guidelines are to be modified in accordance with their special needs.

(2) Children who are in the care of a certified Family Child Care (FCC) provider, who has entered into a contract with the children's parents for such care, will be supervised by the FCC provider in accordance with guidelines set forth in AR 608-10 and local procedures.

(3) Except for extreme emergency conditions involving health and safety, children 9 years of age and under will not be left alone in family quarters or alone in a motor vehicle.

(4) Elementary school children 7 years of age or older may walk up to 1 mile unaccompanied to and from school, a bus stop, or other youth activities by themselves or in groups by a prearranged route with parental permission and access to adult supervision. **NOTE: It is the responsibility of parents to assure that the child(ren) has access to adult supervision in the housing area and destination.**

d. Missouri Revised Statutes. Chapter 568 of the Missouri Revised Statutes addresses offenses against the Family. Sections 568.030, 568.032, 568.045, 568.050,

and 577.300 make abandonment, neglect, and leaving a child in a vehicle-under certain conditions-criminal offenses. These laws apply to anyone on Fort Leonard Wood regardless of military status.

e. Child curfew.

(1) The following guidelines will be followed when implementing curfew:

(a) Curfew will be enforced when any child/youth under the age of 18 years old is not accompanied by either a parent or guardian or an adult person duly authorized by a parent or guardian to accompany the child/youth.

(b) During curfew, children/youth not accompanied by an adult or guardian are restricted from going to or remaining on any post street, post business (such as a bowling alley or an arcade) or entering onto post through any gate. Exceptions to this policy (annotated below in para 3e(4)(f)) will only be made in certain circumstances, with the military police (MP) using discretion.

(2) Curfew hours for children/youth are between the hours of 2300 and 0500, year round.

(3) When children/youth are violating the established installation curfew, any on-post business or establishment will not allow the child/youth access to activities and will notify the MP.

(4) When the MP finds children/youth that have violated this curfew policy, or respond to a situation where a child/youth has violated this curfew policy, the following will transpire:

(a) The MP will transport the violator(s) to the MP Station via unmarked MP sedan.

(b) The sponsor/legal guardian will be contacted and advised to pick up the child/youth from the MP Station.

(c) The curfew violation will be reported in either the MP Blotter or Journal. The Military Police Investigation (MPI) section will maintain a database of curfew violators. This database will be utilized to track repeat offenders.

- Depending on the situation and status of the violator (for example, a repeat offender or the child/youth has other violations on his/her record), the MP may report the violation to the sponsor's chain of command.

- If a child/youth violates this policy more than once, the sponsor's chain of

AMIM-LDW (608-1a1)

SUBJECT: Command Policy 11, Unattended Child/Youth Supervision and Curfew Policy

command will be notified by the MP Desk at the time of the incident.

(d) If the curfew violator is not a military Family member, he/she will be transported to the MP Station via unmarked MP sedan, and the personal information will be annotated in the curfew violation database.

- The parent/legal guardian will be contacted and advised to pick up the child/youth from the MP Station.

- If children/youth who are not military Family members violate this curfew policy more than once, they will be considered for actions to bar their entry onto Fort Leonard Wood.

(e) Depending on the severity of the violation, as well as the child/youth's past criminal history, the violator and his/her Family may be requested to appear before the Fort Leonard Wood Juvenile Review Board.

(f) Children/youth, who are coming home (on post) or outside their quarters after curfew begins (2300), must have a legitimate reason (such as work or sanctioned community event). The child/youth will be field identified and dealt with on a case-by-case basis. The parent/guardian will be contacted to determine validity of the youth's situation, if warranted.

f. On-post off-limits areas. The following locations on Fort Leonard Wood are considered off-limits for children/youth. Children/youth may not visit these areas unless accompanied by their parent or guardian. Other exceptions for children/youth to visit these areas may be granted on a case-by-case basis by the commander of each particular housing unit.

(1) All single Service member housing units to include-

(a) Specker Barracks housing complex.

(b) Any housing areas single Service members inhabit.

(2) All initial entry training (IET) barracks.

(3) Commanders of the above housing units should post signs stating that children/youth under the age of 18 are prohibited from visiting these areas, unless accompanied by their parent or guardian, or approved by the commander.

g. Support options.

(1) Activity options are available through School-Age Services (SAS), Middle

School/Teen (MST) Programs, Youth Sports and Fitness Programs, and Family Child Care.

(3) The CYS Parent Central Services Office can provide information to parents about available off-post supervised activities and care options available through schools, youth organizations, and other agencies.

4. SUPERSESSION. This policy supersedes memorandum, HQ MSCoE, 26 June 2020, subject as above, and is effective until superseded or rescinded. This policy complies with DOD Instruction 6060.2, Enclosure 2, paragraph 3, q, which requires commanders to implement a policy that addresses the ages and circumstances under which children under 13 years of age can be left at home alone without adult supervision. To the extent that this policy conflicts with other guidance issued by units or directorates on Fort Leonard Wood, the provisions of this policy shall take precedence.

5. PROPONENT. The proponent for this policy is the Army Community Service, Family Advocacy Program. Point of contact for this policy is the Family Advocacy Program Manager, 596-0212.

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Command Policy 13, Command Visitation Program

1. GENERAL.

a. This policy letter creates and explains Command and Soldier responsibilities regarding on and off-post Soldier and Family living standards. In order to improve the overall welfare of our military community, leader responsibilities must extend beyond merely knowing Soldiers' tactical and technical competencies. Leaders also must know the general welfare of the Soldier and his/her Family. A safe, clean living environment facilitates accomplishment of this responsibility and contributes to the general welfare, happiness, readiness, and success of the Family unit, and to our military mission.

b. This policy does not apply to Soldiers in initial entry training (basic combat training and advanced individual training), nor does it address all circumstances under which a commander may enter a Soldier's home; it explains the home visitation program only. Further supplementation of this policy is not authorized without prior written approval by this headquarters.

2. POLICY. Commanders will periodically check on the well-being of Soldiers living on and off-post as outlined below:

a. The purpose of the program is not to conduct inspections or searches of Soldiers' homes. Rather, these visits will provide leaders an opportunity to regularly check on the welfare, living standards, and general well-being of their Soldiers and Families. Just as important, these visits give the Soldier and Family members the opportunity to share issues regarding their living conditions or any other concerns they may have.

b. For Soldiers and Families residing in on-post quarters or an off-post residence, the leadership must pre-schedule the visit and gain the Families' approval. The leadership is not authorized to enter inside the premises unless first granted permission by the occupant. If allowed entrance by one occupant but asked by another to leave, the leaders must immediately depart. Visits will be conducted by two-person teams.

c. For Soldiers residing in housing on the installation under the control of the unit, including unaccompanied enlisted personnel housing (UEPH) and other single Service member housing, the leadership does not need

ATZT-PE (600)

SUBJECT: Command Policy 13, Command Visitation Program

to pre-schedule the visit, but Service members will always be treated with dignity and respect, including respect for privacy. Visits must never be used as a subterfuge to conduct a search or inspection of the Soldier's quarters to gather evidence of a crime against the Soldier.

d. A leader within the chain of command will conduct visits within 60 days of the Service member assuming residence of a house on-post. Semi-annually visits will take place thereafter with all of their Soldiers living on and off post. Officer student housing will be visited at least once during the duration of their class. Residences over 30 minute drive from FLW are not required visits, but leadership must inquire about the state of their housing situation at the same frequency. Leaders should address any stressors the Family may be experiencing and assess the quality of their living conditions. Home visitation will not be conducted if the Soldier is not physically present at the time of the visit.

e. Visits will normally be executed by either the Company Commander, 1SG, Small Group Leaders (SGLs), Directors and Primary Staff and may be delegated one level lower, as necessary.

f. DA Civilians living in on-post quarters do not require a physical visit, but do require the chain of command to confirm the status of their housing and if issues are being resolved well at least once every six months.

g. Issues with on-post housing should be reported to the Directorate of Public Works (DPW) Housing Office.

h. Brigades will report out during their semi-annual training briefs (SATBs), by battalion, the status of their Command Visitation Program.

3. SUPERSESSION: This policy supersedes memorandum, HQ MSCoE, ATZT-CG, 26 June 2020, subject as above, and is effective until superseded or revoked.

4. PROPONENT: The proponent of this policy is the Office of the Chief of Staff, (573) 563-6118.
