

General Engineering

- Horizontal & Vertical construction
- Road, Base Camp, and Airfield design
- Technical survey & drafting
- Terrain & Soils analysis

Horizontal Construction

- Road & Airfield construction
- Support Combat Engineers in the Offense and the Defense
- Civil engineering experience
- Water management

Vertical Construction

- Carpentry, Masonry
- Plumbing, Electrical
- Rough Construction
- Project Management Experience

Survivability

- Provide critical defensive positions
- Practical use of civil engineering
- Shape the battlefield
- Dig in and protect key systems:
 - Command Posts - Counter Battery Radars
 - Fuel bunkers - Tank Positions - Artillery
