

U.S. ARMY

Chemical Corps Focus - FY21 and Beyond

UNCLASSIFIED

Chemical Corps Mission (*what we do across the Regiment*)

The Chemical Corps conducts operations to protect the force and the nation from WMD/CBRN threats and hazards

Vision (*what we are for and where we are going*)

Dragon Soldiers-CBRN Warriors, America's CBRN counterforce, who are imbued with the essential characteristics of the Army Profession (Trust, Honorable Service, Military Expertise, Esprit de Corps, and Stewardship) and are world leaders in countering WMD, enabling expeditionary movement & maneuver, and protecting the homeland

Our Core Functions (*how we enable the force*)

- **Assess** CBRN threats and hazards to gain real-time understanding
- **Protect** against CBRN incidents to achieve inherent survivability
- **Mitigate** the consequences of CBRN hazards to negate hazard effects

Our Core Capabilities (*our unique tools and skills*)

- Advise Commanders regarding CBRN Defense and CWMD Missions
- CBRN Assessment
- Reconnaissance and Surveillance
- Contamination Mitigation

US Army CBRN School Mission (*what we do through the CBRNS*)

Design, Acquire, and Build the Army's future CBRN capability, and to constantly **improve** it using the DOTMLPF process to ensure the Army is postured to **Fight and Win in a CBRN Environment**.

FY21 Priorities (*our focused emphasis*)

- **Develop Leaders**
 - *Assessments, "How To" Develop Leaders, and The Army Profession*
- **Modernization (Drive Change)**
 - *CBRN Reconnaissance & Surveillance and Contamination Mitigation*

Enduring Priorities (*our key tasks*)

- Care for our People (Personal and Professional Growth)
 - *Sexual Assault Prevention, Suicide Prevention, and Equality*
- Train Soldiers, Units, and Staffs
- Develop Leaders
- Posture/Modernize CBRN Defense Capabilities (Drive Change)

Dragon Soldiers! CBRN Warriors!
