MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Garrison Policy 11 - Environmental

1. References.

a. AR 200-1, (Environmental Protection and Enhancement), 15 April 2026.

b. ISO 14001:2026 (Environmental Management Systems), 15 April 2026.

c. Army Environmental, Safety, and Occupational Health (ESOH) Strategy 2025, 4 Oct 2016.

2. General. The Army is committed to environmental stewardship in all actions as an integral part of its mission and to ensure sustainability. This policy supports the Army ESOH Strategy 2025 by ensuring the Army is ready, resilient, and capable of defending our nation while being a strong partner and a federal agency leader in the ESOH community.

3. Policy/Procedures. All organizations and activities entering Fort Leonard Wood or performing work for or on behalf of the Fort will:

a. Foster an ethic that takes us beyond environmental compliance to sustainability.

b. Strengthen operational capability by reducing our environmental footprint through more sustainable practices.

c. Meet current and future training, testing and other mission requirements by sustaining land, air, and water resources.

d. Minimize impact and total ownership costs of systems, materiel, facilities, and operations by integrating the principles and practices of sustainability.

e. Enhance the wellbeing of our Soldiers, Families, civilians, neighbors, and communities through leadership in sustainability.

f. Use innovative technology and the principles of sustainability to meet user needs and anticipate future challenges.

g. Comply with applicable federal, state, and local environmental laws, regulations, and executive orders.

h. Develop and implement pollution prevention and control strategies.

i. Establish environmental priorities in consideration of the benefits to the sustainment of missions and operations.

j. Strive to achieve continual improvement in overall environmental performance and supporting management systems.

k. Ensure that this policy is implemented, maintained, and communicated to all military and civilian employees and supporting contractors. In addition, this policy will be made readily available to the public upon request.

l. Ensure that all contracts and contract modifications specify that contractors are liable for any enforcement actions, fines, and/or penalties resulting from their failure to comply with applicable environmental requirements.

4. The Fort Leonard Wood Directorate of Public Works (DPW) Environmental Compliance Branch will conduct internal evaluations of facilities to ensure compliance with all environmental regulatory requirements.

5. Recurring and uncorrected non-compliance issues will be addressed using the Corrective Action Reporting (CAR) System.

6. All unresolved CARs will be briefed during quarterly Environmental Quality Control Committee Meetings and elevated up the appropriate chain of command as deemed necessary.

7. This policy supersedes any previous policies and is in effect until superseded or rescinded.

8. The point of contact for this memorandum is the Environmental Division, DPW at (573) 596-0882.
