

Geospatial Engineering

- 🔴 Analyze the terrain
- 🔴 Support all warfighting functions
- 🔴 Facilitate commander's understanding of the OE
- 🔴 Essential part of the Army's modernization strategy
- 🔴 Engineer development opportunities (GEO-DP)

- Generate Geospatial Information
- Conduct Geodetic Survey
- Analyze Geostatistics
- Responsible for Geospatial Database Management
- Employ GI&S Web Services

- Height (m)
- Provide Support for Warfighter Operations
 - Movement and Maneuver
 - Force Protection
 - Fires
 - Intelligence

- Civilian Partners
- National Geospatial Intelligence Agency (NGA)
- United States Geological Survey (USGS)
- Environmental Systems Research Institute (ESRI)
