Fort Leonard Wood, Missouri

## **MSCoE Sends: Stay safe, prepare for driving conditions during the holiday season**

The holiday season gives us a great chance to reset, unwind and spend time with our loved ones. Unfortunately, it is also the most dangerous time of the year on the roads.

## **Garrison leadership to host virtual housing town hall**

Fort Leonard Wood garrison leaders are inviting Soldiers and their families to attend a virtual town hall to discuss housing. The event will begin at 6 p.m. Dec. 21 and will be livestreamed through Facebook at [www.facebook.com/groups/672741406696528](https://www.facebook.com/groups/672741406696528) — anyone wishing to participate should click “Join Group” on the page.

## **CYS increases safety measures in response to HPCON change**

Fort Leonard Wood’s Child and Youth Services upgraded sanitation and screening policies at their facilities last week in response to the rise in positive COVID-19 cases in the area and the installation’s update of the Health Protection Condition to Charlie.

## **MSCoE safety wins TRADOC awards**

U.S. Army Training and Doctrine Command named safety award winners Dec. 9 for fiscal year 2020, including six individuals and teams from the Maneuver Support Center of Excellence at Fort Leonard Wood.

**Read these stories and more on the Guidon website!**

## **SNAIR helps drivers deal with winter weather**

The installation's snow and ice removal program — referred to as SNAIR — has various methods in place to keep people informed of treacherous travel and weather-related information.

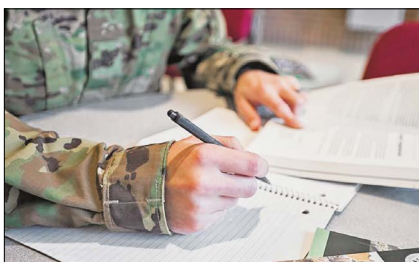

## **35th Engineer Battalion trainees, drill sergeant answer questions from future Soldiers virtually**

Six trainees assigned to Company A, 35th Engineer Battalion, and one of their drill sergeants met virtually with more than 20 recruits from across Missouri, Kansas and Illinois Dec. 9 to provide insights into the Initial Entry Training experience.

## **Soldiers assess cutting-edge aircraft safety software at final 2020 MSSPIX event**

Soldiers from Fort Carson, Colorado, and Fort Rucker, Alabama, along with experts from a private-industry technology partner, converged on Fort Leonard Wood last week to demonstrate and assess a new aircraft safety software called Autonomous Intelligent Flight Management System, or AIFMS.

## **Basic Skills Education Program helps two Soldiers improve GT scores by at least 30 points**

Two Fort Leonard Wood Soldiers, Sgt. Danielle Vaughn and Spc. Neil Moncrieffe, improved their Armed Forces Classification Test's General Technical scores by at least 30 points each after using the Army's Basic Skills Education Program.

## **Eating your way to a stronger immune system**

As we enter into the winter months and continue to strive to protect ourselves against COVID-19 and the flu, it is important to seek out different foods that help strengthen our body's immune system.

## **Fort Leonard Wood trails are a way to get fit while connecting with nature year-round**

Hiking is a great way to stay in shape and enjoy the outdoors year-round — even in winter.
