## **ArcGIS Pro 2.7 Installation Guide Example**

(This is only an example and should only be used as a reference. You should expect to receive this as an attachment in an email one week prior to your course starting.)

Use these instructions to download, install, and authorize ArcGIS Pro 2.7 on your personal workstation\* for use during the virtual instructor-led training (VILT) session of the GIS course that you will be taking.

\* If you are an NGA employee, you will not be able to install ArcGIS Pro on your NGA workstation. To request the software on your SBU, you will need to submit a Service+ request.
