

10 Reasons Why to See a Chaplain

SPIRITUAL HELP: Nothing is more central to your Chaplains' work than assisting people in their relationship with God. We have skills and knowledge that can be of assistance to you in understanding your relationship with God.

DECISIONS: The big decisions of life are so important that they need to be talked about and prayed about. God never intended that we should make these decisions alone. Your Chaplains can possibly point out additional dimensions of the decision to be made that had not been considered. We are ready to discuss your difficult decisions in an atmosphere of confidence and friendship and to pray with you for God's guidance.

PRESSURE: Your Chaplains can help you ease the inner pressure and frustrations that your duties and / or separation adjustments may bring. We can also offer advice and alternatives of which you may not have been aware.

PROBLEMS: There are times when we need someone to talk to about life and its consequences, guilt that we carry, or just things that are 'bugging us.' We will hear you in a non-judgmental and confidential atmosphere, and will stand ready to pray with you regarding your situation.

WEDDINGS: Weddings are considered acts of worship by the Chaplains and as such have spiritual and religious meaning for the participants. Preparation is most important for this special service so it is necessary to contact us at least 12 weeks prior to the planned date of your wedding to allow time for pre-marital counseling.

BIRTHS: When a baby is born your Chaplains would like to call when the mother is still at the hospital. The visit could also be a time to begin planning for the new child's baptism, christening or dedication. We will not know about the birth unless you inform us.

MARRIAGE PROBLEMS: When a marriage falls on hard times, couples often do not seek help until it is too late. Your Chaplains are trained in marriage counseling and can help you to work through your problems or guide you to other sources of professional help.

HOSPITALIZATION: Let your Chaplains know if you or a member of your family is admitted to the hospital. We would like to bring the comfort of God's word and love to your hospital room, especially prior to surgery.

DEATH: When death comes to a member of the family, to a close friend, to someone you love, or to a comrade in arms your Chaplains can offer you comfort, help you to work through your grief, and also help you in your faith.

DRUG & ALCOHOL ABUSE: Your Chaplains are trained in many areas of counseling, to include Drug / Alcohol related problems, and stand ready to assist you in dealing with these problems. We can direct you to sources of help as well.
